MINISTER IMMANUEL REAFFIRMS COMMITMENT TO ECONOMIC STABILITY, JOBS AND INCUSIVE GROWTH

As we welcome the New Year, I extend my warmest greetings to all Fijians and friends of Fiji.

The year gone by tested our resolve, but it also showed the strength of our people, our businesses and our institutions. Through discipline, hard work and unity, we continued to stabilise our economy, support livelihoods and create opportunities for growth.

In the year ahead, the Government remains committed to responsible financial management, supporting small and medium businesses, attracting investment and creating jobs. We will continue to focus on inclusive growth so that the benefits of development are felt by every family and community.

I thank our workers, entrepreneurs, farmers, investors and public servants for their dedication and contribution to nation building. Your efforts are the foundation of our progress.

As we step into the New Year, let us move forward with confidence, compassion and a shared sense of purpose. May the New Year bring good health, peace and prosperity to you and your loved ones.

Happy New Year to you all.

Hon. Esrom Immanuel
Minister for Finance, Commerce
and Business Development
