Nominal GDP		9,889,245.9

APPROPRIATION AUTHORITY, 2021 - 2022

To the Permanent Secretary, Economy

In exercise of the powers conferred upon me by subsection (14 and 15) of Part 4 of the Financial Management Act 2004, I hereby authorise and require you to pay during the year 2021-2022 the sums set forth in the Budget Estimates and the notes and annexes thereto with the exception of the sums specified in the Schedule hereto for which requisitions must be submitted, as they become due in accordance with the provisions of the said Act and all Regulations made or deemed to have been made thereunder, and of all other laws for the time being in force.

And for so doing, this, together with the Accounts, Certificates and Acquittances prescribed in or under the said Act and other laws, shall be your sufficient Warrant and discharge.

Dated at Suva this 16th day of July 2021.

Aiyaz Sayed-Khaiyum Attorney-General and Minister for Economy, Civil Service and Communications

NOTES ON THE BUDGET ESTIMATES

- 1. The Budget Estimates are presented in a programme format. This format aims to give a reasonably accurate estimate of costs of each major activity carried out by the Ministries so that these can be weighed against its importance in the Government's total budget. Each Ministry's expenditures are grouped first into broad **programmes** and then into **activities**. A **programme** is a group of closely related services which contribute to a common objective or set of allied objectives. Primary Education, for instance, represents one programme within the Ministry of Education, Heritage and Arts. **Activities** are the major subdivisions within programmes. Primary Education, to continue the example, is divided into General Administration, Government Primary Schools, non-Government Primary Schools and Special Education.
- 2. Within each budget activity, expenditures are further divided into ten Standard Expenditure Groups (SEGs). This is a classification by item of expenditure but items are grouped in categories which reflect the economic or administrative purpose of expenditure. (e.g. SEG 6 covers Operating Grants and Transfers and all Established Staff payments are classified in SEG 1). The SEGs and the various kinds of item fitting within each SEG are listed in Appendix 1.
- 3. For each Ministry and for the budget as a whole, a summary is presented by SEG. SEGs 1 to 7 represent recurrent or operating expenditures whilst SEGs 8 to 10 are expenditures of a capital nature involving assets above a certain minimum value and with an economic life of several years. A summary of the total budget, grouping Ministries into functional categories is also given.
- 4. The 2020-2021 revised estimates under each Head, Programme, Activity and SEG will differ from the original estimates due to the change in financial year from calendar year to 01 August to 31 July and also due to movement in ministries/programme/activities/items during the year.
- 5. The 2021-2022 Budget Estimates show revenue and expenditure for the budget year (on which appropriations are based). As a baseline for future decisions with an impact on expenditure and revenue, projections of revenue and expenditure for two subsequent years (2022-2023 and 2023-2024) are also included in the Estimates.
- 6. Beside each HEAD SEG Summary, an overview narrating the key deliverables of each ministry is provided.
- 7. The forward years captures the planned change(s) in the estimates from the budget year. The planned change provides a base on which the Government can determine how much can be spent on new projects each year.
- 8. The estimates shown under the **aid-in-kind** heading within each activity and in the summary for each Budget head give an approximate indication of aid resources applied by Ministries to various activities outside the financial allocations through the Budget. The estimates of aid-in-kind include contributions of materials, equipment and technical assistance funded directly by Fiji's development partners. All assistance from development partners that go directly to organisations or individuals are not reflected under aid-in-kind. The figures shown are not precise for several reasons. The financial year of development partners often differs from that of Fiji and, in many cases, aid proposals will be finalised during the year. It is emphasised that the figures shown do not represent additional budgetary resources available to the Ministries.
- 9. Direct Payments are also reflected as part of total expenditure in line with standard classifications. These are payments for foreign financed projects that do not come into Government consolidated accounts. These are mainly for capital works where payments are paid directly by the lender to the contractor(s) undertaking the work.
- 10. The designation, **R** denotes that provision under the items so marked is under requisition and a warrant signed by the Minister of Economy is required before these funds may be expended. The amount that is indicated beside **R** is under requisition. It does not mean that the amount under requisition **is in addition to** the approved allocation. A number of items in the 2021-2022 Budget have been placed under requisition in anticipation of these items being funded through aid. Where the aid involves cash grant; these funds will be released only upon receipt of aid funds into consolidated revenue. In some cases, expenditure has been placed under requisition to permit additional analysis of the proposed expenditure to be undertaken to ensure sound use of the resources.
- 11. VAT on Aid-in- Kind is included under SEG 10 of Head 50-1-1-10(5).
- 12. Minor discrepancies between constituent figures and totals are due to rounding.

BUDGET FUNDING PROGRAMME 2021-2022

Expenditure:	\$000

OFFICE OF THE PRESIDENT

The Office of the President provides administrative and logistical support to the Head of State, His Excellency the President, in the performance of his official duties. These duties include: the signing of bills passed by Parliament into law, opening each session of Parliament, attending ceremonial functions, carrying out responsibilities as Commander-in-Chief of the Republic of Fiji Military Forces (RFMF), conducting state visits and maintaining an active community engagement programme.

The Office works in accordance with the 2013 Constitution of the Republic of Fiji and 5-Year and 20-Year National Development Plan that will guide the development of the nation.

The President promotes Fiji to the international community by formally receiving and farewelling the appointed Foreign Heads of Missions who are accredited to Fiji, in addition to hosting visiting dignitaries, including Heads of State, Heads of Government and leaders of international organisations. The Head of State promotes Fiji by visiting other countries for special occasions, supporting Fiji's strategic foreign policy priorities by cultivating goodwill among the international community.

The Office's operating budget supports the President's constitutional functions, state visits, and community engagements. It also covers the upkeep and maintenance of the presidential properties in Suva, Deuba and Lautoka, and the administration of the Fijian Honours and Awards system, which aims to recognise the efforts of both Fijian citizens and non-citizens who contribute to Fiji's development as a nation.

The Office of the President is allocated a total of \$1.9 million in the 2021-2022 Budget.

Programme 1: Policy and Administration

ACTIVITY 1: General Administration

- -1. Personal Emoluments (\$656,080); FNPF (\$39,365); Fringe Benefit Tax (\$12,500); Allowance (\$20,000).

OFFICE OF THE PRIME MINISTER

The Office of the Prime Minister (OPM) assists the Prime Minister in the role of Head of Government and Chairperson of Cabinet by providing administrative and logistical support. The Cabinet Office of the OPM provides Cabinet and the Prime Minister with secretarial support to ensure timely decisions for the effective running of Government.

The OPM also implements a number of programmes, including the development of the mahogany industry, issuance of small grants, the coordination of donor funding for community development projects (particularly in rural areas and outer islands), and the administration of the Rotuma, Rabi and Kioa Island Councils.

The OPM has authority over the Department of Immigration, which is responsible for providing efficient and effective immigration services and ensuring the integrity of Fiji's border and the effective management of people's movement in and out of Fiji. This includes processing and issuance of all types of permits, processing and issuance of pre-entry visa to eligible persons, processing and issuance of passports to all bona fide Fiji citizens, processing and granting of Fiji citizenship to eligible persons, and the identification, apprehension and removal from Fiji of persons who have breached conditions of their visa.

The Department's ePassport system protects against forgery and identity theft. The Department also plans to proceed to the next step for a sweeping digital transformation in all our immigration processes to secure our borders.

The Office of the Prime Minister is allocated a total of \$14.1 million in the 2021-2022 Budget.

OFFICE OF THE ATTORNEY-GENERAL

The Office of the Attorney-General, under the management of the Solicitor-General, supports the Attorney-General in carrying out the role of chief legal advisor to the Government. The office provides legal advice to Government (and to all holders of public office on request), represents the State in court proceedings to which the State is a party (with the exception of criminal proceedings), drafts laws for Government, maintains the publicly-accessible register of all written laws, and performs any other functions assigned by law, Cabinet or the Attorney-General.

The roles and functions of the Office of the Attorney-General are pivotal to ensuring that Government operates within the law at all times and that Fiji's laws and legal practices are aligned to the Fijian Constitution as well as international conventions and best practices.

The Office of the Attorney-General is also responsible for the development and maintenance of Fiji's first online database of consolidated laws, which provides all Fijians with free access to the laws of Fiji on an easy-to-use online platform.

Under the purview of the Office of the Attorney-General, the Department of Civil Aviation is responsible for expanding access to reliable aviation services for the Fijian people by regulating aviation activities in Fiji. The Department is Government's focal point for international civil aviation bodies and is empowered to negotiate air services agreements with other sovereign governments.

The Department also liaises closely with aviation stakeholders and provides secretariat services to the relevant regulating bodies, including the Civil Aviation Authority of Fiji and the Air Transport Licensing Board.

The Office of the Attorney-General is allocated a total of \$10.4 million in the 2021-2022 Budget.

MINISTRY OF ECONOMY

The Ministry of Economy is responsible for managing public finances in accordance with the Fijian Constitution and the Financial Management Act 2004.

The Ministry carries out economic analysis and forecasting; manages Government's national budget, debt and assets; oversees fiscal policy and tax collection; implements financial management reforms; and ensures that Government can procure the goods and services required to maximise services delivered to the Fijian people. The Ministry through its functional units promotes sound management of the Fijian economy through analyses, efficient budgeting and proactive planning. The Ministry's Budget and Planning Division formulates the Government's national budget and coordinates with ministries and departments to ensure effective implementation.

The Fiscal Policy Research and Analysis Division provides sound analysis and advice on appropriate fiscal and taxation policies to be considered in the National Budget. It also prepares supplementary budget documentation and statistics; forecasts Government revenues; monitors Government's financial performance and cash flow trends; assists in the preparation of macroeconomic forecasts; appraises applications for tax incentives and concessions; monitors global developments that could impact the domestic economy; and designs relevant fiscal responses to mitigate potential risks.

The Procurement Division ensures that all procurement of goods, services and works are done in an effective and efficient manner in accordance with the guiding principles of procurement, which sets the foundation on which all government procurement must be carried out. With the aim of moving Government Procurement to a more advanced and digital process, the Ministry launched the e-Tender portal, which is an internet-based online platform where the process from receiving to submitting tender-related information is carried out. It has replaced the former paper-based process and will ensure transparency and accountability in the awarding of government tenders. The Ministry's Treasury Division spearheads financial management reform within the public sector to improve overall efficiency and public service delivery.

Climate adaptation has been engrained into every level of Fiji's national development. Through the Climate Change and International Cooperation Division, the Fijian Government coordinates climate-informed development planning, including the coordination of climate finance, development cooperation and the monitoring and evaluation of the Sustainable Development Goals.

The Construction Implementation Unit ensures effective management of capital construction projects and maintenance of government housing and quarters. The Unit has been instrumental in the implementation and rehabilitation of schools and public buildings after severe weather events. The Unit will also administer the Capital Project database, which is a one-stop shop for all information on construction related capital projects, and will capture information on project life cycle while minimising paper use.

The Internal Audit and Good Governance Division is responsible for undertaking the internal audit function for Government. With the aim of strengthening internal controls and good governance, the Division has strengthened its auditing processes by automating it, and is working towards full compliance with international internal auditing standards

The Fiji Bureau of Statistics is responsible for the production, analysis and publication of statistics in a timely and coherent manner. The agency is entrusted to provide official statistics on a wide range of economic, social, population and environmental matters of importance to Fiji to better inform policy and decision-making.

The Ministry also oversees the Department of Public Enterprises, which implements reform programmes and monitors the performance and operations of public enterprises to increase their efficiency and effectiveness.

The Ministry of Economy is allocated a total of \$53.9 million in the 2021-2022 Budget.

MINISTRY OF ITAUKEL AFFAIRS

The Ministry of iTaukei Affairs provides policy advice relating to the good governance and well-being of the iTaukei including traditional leadership and governance, ownership of land, and natural resource matters. It also provides other support services to the Minister responsible for iTaukei Affairs, who also serves as chairperson of the iTaukei Affairs Board and the iTaukei Lands Trust Board

The Ministry assists the Fijian Government's commitment to promote and preserve iTaukei culture, customs, traditions and language.

The Ministry funds the operational costs of the iTaukei Affairs Board and the 14 Provincial Council Offices.

The Ministry provides administrative support to the iTaukei Lands and Fisheries Commission (Commission). The Commission is the custodian of various registers that detail iTaukei land ownership, customary fishing grounds, village boundaries and traditional titles, including the *Vola ni Kawa Bula*. Through these records, the Commission resolves land and traditional title disputes. As the only custodian of iTaukei records, the Commission actively works on the preservation of these records. It continues to work on the demarcation of un-surveyed iTaukei lands, surveys of un-surveyed iTaukei lands, and GIS mapping of village boundary.

The Ministry compliments Government initiatives including the implementation of the sustainable development goals. This focus requires extensive public consultations to develop strategies that address the needs and concerns of the grassroots. This work includes but not limited to the iTaukei road shows, cultural mapping, and traditional leadership training and awareness programmes.

The Ministry also plays the coordination role amongst the iTaukei Institutions through the iTaukei Executive Forum.

The Ministry of iTaukei Affairs is allocated a total of \$13.8 million in the 2021-2022 Budget.

MINISTRY OF DEFENCE, NATIONAL SECURITY AND POLICING

The Ministry of Defence, National Security and Policing is responsible for Fiji's national security, including upholding the country's sovereignty and territorial integrity. The Ministry carries out this responsibility through implementation of Fiji's National Security Strategy and policy oversight of two of Fiji's Disciplined Forces, the Republic of Fiji Military Forces (RFMF) and Fiji Police Force (FPF).

The Ministry has three divisions. The Policy Division is made up of the Defence, Police and Security Unit, and the Corporate Services Division includes Human Resources and Administration and the Finance Unit. The National Security and Defence Review (NSDR) is composed of the Intelligence and Assessment Unit, the Monitoring and Evaluation Unit and the National Integration Coordination Centre.

The Policy Division provides RFMF and FPF with policy support and advice pertaining to defence and security and oversees Fiji's international obligations related to search and rescue, defence and law and order. The Division also looks after the implementation of the Security Industry Act. The Corporate Service Division provides the Ministry with administrative, financial and logistical support. The NSDR is responsible in the formulation of the National Security Strategy and the crafting of sound policy advice on national security to the National Security Defence Council.

The Ministry under its Ministerial assignment is also responsible for the coordination of national events such as the Fiji Day celebrations and the Remembrance Day commemoration.

Additionally, the Ministry is also spearheading development of the National Anti-Human Trafficking Strategy and the development and launching of National Action Plan. The documents were the effort of government, non-government and civil society organisation. The Narcotics Policy Framework is also progressing with the plan to launch its National Anti – Narcotics Strategy and the development of its National Action Plan.

The Ministry will continue with its responsibility in the disbursement of the Grant to Fiji Servicemen's Aftercare Fund and progressing the need for the commitment of funds as and when the need arises.

The Ministry of Defence, National Security and Policing is allocated a total of \$14.4 million in the 2021-2022 Budget.

MINISTRY OF EMPLOYMENT, PRODUCTIVITY AND INDUSTRIAL RELATIONS

The Ministry of Employment, Productivity and Industrial Relations promotes and advances the rights of workers and employers and administers and enforces the Employment Relations Act 2007, Health and Safety at Work Act 1997, National Employment Centre Act 2009 and the Workers Compensation Act (Cap. 94).

The Ministry ensures that its international obligations and reporting on the ILO Conventions are met. It also collaborates with ILO, other United Nation (UN) Agencies, international partners, and government ministries in enforcing laws relating to child labour, equal employment opportunities, labour mobility, fundamental principles and rights at work, and minimum wage.

The Ministry continues to review the National Minimum Wage (NMW) to ensure decent living standards and conditions for every Fijian.

The Ministry's Strategic Plan promotes the inclusive development of Fiji's labour market, focusing on good governance, social justice, employment growth, gender equality and productivity. Fiji has established its National Productivity Master Plan (2021-2036) through collaboration with the Asian Productivity Organization (APO) to provide clear directions on the national productivity strategic priorities for a sustainable Fiji.

In alignment with the National Development, the Ministry strives to provide greater pathways for work opportunities for Fijians and will continue to work with all stakeholders to support initiatives such as the Schools Employment Exposure Programme (SEEP), volunteerism and work placement programs. The Ministry will continue to monitor and review its plans and performance, advance its labour reforms, enhance compliance across the 10 Sectorial based wages, invest in research and cultivate new business opportunities.

As part of its commitment towards Fiji's economic recovery, the Ministry will also continue to strengthen its labour mobility programs through the seasonal work opportunities in New Zealand and Australia together with the Pacific Labour Scheme (PLS). This will enable unemployed Fijians to earn an income and obtain skills that will contribute to their own development and the Fijian economy through remittances. Furthermore, the Ministry will continue to work with other stakeholders in promoting and creating employment opportunities.

The Ministry of Employment, Productivity and Industrial Relations is allocated a total of **\$9.6 million** in the 2021-2022 Budget.

MINISTRY OF FOREIGN AFFAIRS

The Ministry of Foreign Affairs is responsible for implementing Fiji's foreign policy by maintaining and strengthening Fiji's diplomatic relations, building bridges of cooperation with development partners, and growing trade with other nations.

Fiji has established formal diplomatic relations with 182 countries and has 10 overseas missions (and one roving ambassador in Fiji). Over the past 50 years of evolution as an independent democratic nation, Fiji has showcased its capability to lead the world on critical issues confronting humanity, from climate change to oceans sustainability and the protection of human rights.

Through multilateral institutions such as Pacific Islands Development Forum (PIDF) and the Melanesian Spearhead Group (MSG), Fiji will continue to strengthen its leadership role in the region, working with its neighbours to resolve the great challenges Pacific island countries face to develop their economies and improve the lives of their people.

The Ministry also provides consular services to Fijians living overseas and helps coordinate high-level meetings and visits to Fiji, including conferences hosted on our shores.

The Ministry is provided **\$28.1 million** in the 2021-2022 Budget.

INDEPENDENT BODIES

Fiji's Independent Bodies operate autonomously. Along with independent commissions, they make up the system of checks and balances that upholds the rule of law, ensures representative government and provides external oversight to secure and maintain a transparent and accountable Government.

These Independent Bodies are: Office of the Auditor-General (OAG); Fijian Elections Office (FEO); the Judiciary; the Parliament; Office of the Director of Public Prosecutions (DPP); and the Media Industry Development Authority (MIDA).

The Office of the Auditor-General is an independent office established under Section 151 of the Fijian Constitution. The Auditor-General is required to audit and report to Parliament on the public accounts of the State, the control of public money and property and any other transactions with or concerning public money or public property. The Office of the Auditor-General has been allocated a sum of \$4.9 million in the 2021-2022 Budget.

The Fijian Elections Office is responsible for the independent preparation for and conduct of national elections for Parliament every four years and any other election assigned under law. A total of \$23.1 million is provided to the Fijian Elections Office to commence the preparations of the 2022 General Elections. An additional \$14.8 million is also provided under Head 50.

Section 97 of the Fijian Constitution vests the judicial authority of the State in Fiji's courts to resolve disputes and uphold the rule of law, subject only to the Constitution and the law. Parliament must also ensure that the courts have adequate resources to perform their functions and exercise their powers properly. A total budget of **\$48.9 million** is provided to the Judiciary in the 2021-2022 Budget.

Section 46 of the Fijian Constitution stipulates that the authority and power to make laws for the State is vested in Parliament. Parliament is the voice of the Fijian people, and it is responsible for ensuring a representative Government, openly debating relevant issues and providing oversight of Government activities. The total budget for Parliament in 2021-2022 is **\$7.1 million**.

The Office of the Director of Public Prosecutions is an independent office established under the Constitution to institute and conduct criminal court proceedings in Fiji. The ODPP has been allocated **\$6.1 million** in the 2021-2022 Budget to carry out its operations.

The Media Industry Development Authority is an independent body established under the Media Industry Development Act 2010, and its functions include the encouragement, promotion and facilitation of the development of media organisations and media services in Fiji. It also ensures that media services in Fiji are maintained at a high standard in all aspects, including quality, balance and fair judgement. \$53,133 has been allocated to carry out its operations in the 2021-2022 financial year.

INDEPENDENT COMMISSIONS

Fiji's independent commissions serve the Fijian people in specialised areas where objective, technical judgment is essential. A sum of \$30.1 million is provided to fund the operations of the following Independent Commissions:

The **Human Rights and Anti-Discrimination Commission** is responsible for to ensuring the protection, promotion and observance of the rights of all in Fiji as well as taking steps to secure appropriate redress for any human rights violations. It has a budget of \$857,859.

The **Accountability and Transparency Commission** is responsible for carrying out roles and responsibilities assigned to it under any laws enacted by Parliament. The Commission will play a vital role in ensuring Fijians are able to access information held by public agencies in accordance with the law. It has a budget of **\$20,000**.

The Constitutional Offices Commission is responsible for providing advice to the President for the appointment of constitutional offices. \$20,000 is provided for this in the 2021-2022 Budget.

The **Fiji Independent Commission Against Corruption (FICAC)** is responsible for investigating and prosecuting alleged corruption and bribery offences. FICAC is also responsible for examining the practices and procedures of public bodies in order to eliminate corrupt practices and carries out public awareness activities to educate communities about the dangers of corruption. FICAC has a budget of **\$7.9 million**.

The **Public Service Commission** is responsible for setting consistent service standards across the Fijian civil service by formulating and enforcing policy guidelines and administering the Procedural Review Process and Performance Assessment Framework for Permanent Secretaries. It also manages the recruitment of Permanent Secretaries with the approval of the Prime Minister. It has a budget of **\$4.9 million**.

The Accident Compensation Commission of Fiji administers a no-fault compensation scheme for injuries and deaths from motor vehicle, employment and school accidents, with the option of either receiving compensation under the Accident Compensation Act 2017 or pursuing claims through legal proceedings under common law. \$2.2 million is provided for this in the 2021-2022 Budget.

The **Legal Aid Commission** provides free legal services to Fijians who cannot afford them. It continues to expand and extend its services around the country with branches in rural and remote areas, including islands, thus enabling greater access to justice for all Fijians. It has a budget of **\$8.9 million**.

The **Online Safety Commission** gives Fijians a space to resolve concerns and complaints with respect to electronic communications. The Commission seeks to promote responsible online behavior and online safety. **\$185,506** is provided for this in the 2021-2022 Budget.

The **Electoral Commission** is a non-partisan authority that has responsibility for the registration of voters and the conduct of free and fair elections in accordance with the written law governing elections. It is allocated \$631,547 in the 2021-2022 Budget.

The **Fijian Competition and Consumer Commission** promotes competition, fair trading and consumer protection, determines prices in markets where competition is lessened or limited, and regulates monopolistic market situations, including essential infrastructure and services, for the benefit of all Fijians through enforcement and market compliance. **\$4.5 million** is provided in the 2021-2022 Budget.

FIJI CORRECTIONS SERVICE

The Fiji Corrections Service (FCS) is responsible for safely detaining and rehabilitating persons sentenced to a term of imprisonment or placed on remand at its correctional centers pending trial by the courts.

FCS is committed to meeting international standards and best practices, including compliance with all human rights obligations for the treatment of inmates. To strengthen the justice system as outlined in the 5-Year and 20-Year National Development Plan, the Department is in the midst of a number of capital construction projects and a modernization programme, leveraging technology to improve the operations of its correctional centres and improve the quality of its rehabilitation works.

One of the FCS's main responsibilities is to reduce overcrowding in correctional centers to ensure that the human dignity of all inmates is respected. To meet this responsibility, the FCS will continue with the upgrade and maintenance of existing remand centers throughout the country.

Faced with an evolving correctional landscape in Fiji, the FCS is focused on addressing issues that arise from a growing prison population, including an increase in mental health issues among inmates, the health and welfare of corrections personnel and ongoing improvements to facilities, operations and services.

The FCS will continue with its Rehabilitation Programme and Yellow Ribbon Project, which together reintegrate inmates into society upon their release, allowing them to live productive lives and reducing recidivism rates.

The Fiji Corrections Service is provided a total of \$36.5 million in the 2021-2022 Budget.

MINISTRY OF JUSTICE

The Ministry of Justice is responsible for the administration of law and justice in Fiji. The Ministry delivers judicial services through registries established by law to maintain official records of legal documents. These registries inscribe companies, businesses, credit unions, money lenders, justices of the peace, titles, deeds, births, deaths and marriages.

The Ministry decentralised and expanded services through the establishment of 27 Births, Deaths and Marriages offices throughout Fiji in order to improve access for all Fijians.

The Registrar of Companies is engaged with the digital transformation project to allow members of the public to register Fijian business online for the first time, greatly streamlining the establishment of new Fijian enterprises. The Office of the Registrar of Companies registers companies, business names, credit unions and money lenders. The Office of the Registrar of Titles registers land titles and deeds documents, whilst the Office of the Registrar-General registers births, deaths and marriages.

The Office of the Official Receiver is responsible for the administration of the winding-up of companies and bankruptcy matters, whereas the Office of the Administrator General oversees the registries and is responsible for the administration of the Justice of the Peace.

The Ministry is currently in transition period, and the Registrar of Companies is engaged with the Singapore Cooperation Enterprise to initiate the online business registration. This initiative will allow members of the public to register businesses online and file applications from the comfort of their home or office. The Ministry has also launched the Birth Mobile Application through the Digital Government Transformation Programme.

The Registrar of Titles Office has also undertaken a Business Performance Review through the Singapore Corporation Enterprise, which has streamlined their business processes by reducing the processing time of documents to 1 week from 2-3 months.

The Ministry of Justice is allocated a total of \$4.3 million in the 2021-2022 Budget.

MINISTRY OF COMMUNICATIONS

The Ministry of Communications is responsible for keeping Fijians connected to each other and to the outside world by ensuring the provision of efficient, competitive, cost-effective and accessible telecommunication.

The Ministry engages with the general public over radio, television, print and online media to keep the Fijian people updated on Government's plans and policies, and to promptly alert the public of important information relating to public safety and security.

The Ministry comprises the Department of Information, Digital Government Transformation Office, Department of Communications, and the Department of Information Technology and Computing Services (ITC).

The Ministry is spearheading the digitalFIJI Programme, a digital Government transformation initiative to optimise and digitalise key Government services. It takes a citizen-centric approach through the establishment of a common services platform, data harmonisation, release of software and mobile applications (such as digitalFIJI app, careFIJI app, Vaccination Registry System) to dramatically increase accessibility of Government services.

The Ministry is also connecting the 40 unconnected and poorly connected schools and health centres in the Northern Division through the Northern Connectivity Project under the Department of Communications, which is also managing the COVID Helpline 158 and creating a National Emergency Telecommunications Plan to help first responders during and after a natural disaster.

Walesi, which is a wholly-owned Government company, is Fiji's first and only terrestrial and satellite digital television platform, and it ensures that all Fijians have access to broadcast television, irrespective of where they live in Fiji. Walesi is also available on smartphones through the Walesi App, the most widely downloaded entertainment application in Fiji. In addition to digital television, Walesi also offers free wireless internet hotspot access across 16 public areas throughout all Towns and Cities, as well as 26 sites on all Fiji National University campuses.

The Ministry manages the entire government ICT network and infrastructure. It is currently undertaking a significant investment to set up a secondary site for IT Disaster Recovery, which will allow for the switchover and recovery of critical IT systems from the Government Data Centre in the event of disaster. The investment will also fund the upgrade of equipment, resulting in secure, reliable and efficient Government network infrastructure to better serve Fijians.

The Ministry is allocated a total of \$54.6 million in the 2021-2022 Budget.

MINISTRY OF CIVIL SERVICE

The Ministry of Civil Service supports Ministries and Departments with the ongoing implementation of modern best practice in service delivery across the Whole of Government to firmly establish Government as a merit-based, efficient and responsible employer.

The Ministry provides human-resource policy support and guidance to the Permanent Secretaries; acts as the Secretariat and provides support services to the Public Service Commission (PSC); monitors and reports on the implementation of guidelines and policies to the PSC and Ministers; provides guidance to Ministries to continue the rapid progress towards a merit-based and efficient civil service; works in partnership with Ministries to facilitate improved customer care; coordinates core-skills training and learning and development opportunities funded by development partners; and works in partnership with Ministries and Departments, business leaders, the private sector and sponsors to organise large-scale conferences and events that benefit all Fijians.

The Ministry of Civil Service is allocated a total of \$2.3 million in the 2021-2022 Budget.

MINISTRY OF RURAL AND MARITIME DEVELOPMENT AND DISASTER MANAGEMENT

The Ministry of Rural and Maritime Development and Disaster Management is responsible for implementing development strategies that bring Fijians living in rural and maritime regions the same level of access to essential services and economic opportunities as anywhere else in the country.

Rural development is a key national priority, and the Ministry is mandated to implement a wide range of socioeconomic activities to support Government's domestic goals of growing the economy and raising living standards.

The Ministry continues to generate economic growth in remote areas by expanding rural infrastructure and uplifting and empowering individuals and communities. Funded capital-work programmes include Self Help Programmes (SHP), Community Access Roads, Footpaths and Footbridges (CARFF) and Public Sector Investment Programmes (PSIP). Provision of basic infrastructure such as proper drinking water and adequate sanitation systems will be prioritised under the Self Help program.

The Ministry's hands-on outreach includes the registration of births, deaths and marriages, the issuance of licenses and the collection of licenses and permit fees and arrears of revenue. These services are provided at all divisional and district offices throughout Fiji.

The Ministry is also responsible for the appointment of District Advisory Councils and Provincial Development Boards.

The Ministry oversees the Disaster Management Office, which coordinates and integrates services that support disaster preparedness, response and recovery, and is responsible for co-ordinating Government's response to for disasters. In December 2019, the National Disaster Risk Reduction Policy was launched, making Fiji the first country in the South Pacific to institutionalise the goals of the Sendai Framework. The policy mainstreams disaster risk reduction across all sectors, striving to holistically coordinate all development initiatives.

The Natural Disaster Management Act and the National Disaster Management Plan, which operationalize the Act, are both currently under review. The Department is currently developing a disaster volunteer manual and standardizing a community-based disaster risk training manual to ensure that communities are synergising preparedness and response at all levels. The Department is also finalizing its logistics manual, updating the National Emergency Operating Centre standard operating procedures and upscaling coordination of the Fiji Cluster System.

The Ministry of Rural and Maritime Development and Disaster Management is allocated a total of \$14.5 million in the 2021-2022 Budget.

REPUBLIC OF FIJI MILITARY FORCES

The Republic of Fiji Military Forces (RFMF) are responsible for maintaining the security and defence of Fiji and the Fijian people, employing the latest technologies and defence strategies to address emerging security threats, and supporting the international community to reduce conflict and forge peaceful solutions around the world.

The Fijian Government supports RFMF in developing a capable military force by investing in training, modern equipment and facilities, and by maintaining their critical role in international peacekeeping missions through the United Nations.

RFMF also implements a number of projects and programmes in rural and maritime regions in Fiji. As part of its contribution to the wellbeing of the Fijian people, RFMF's Engineering Corps carries out an extensive range of development projects across the country that improve the living conditions of ordinary Fijians.

RFMF's Naval Division provides surveillance in Fiji's 1.3 million square kilometres of Exclusive Economic Zone and is also responsible for overseeing maritime search-and-rescue missions, operating the Suva Radio 3DP coastal radio station, conducting hydrographic surveys, and providing hydrographic services to mariners who traverse Fiji waters. These are mandatory services that Fiji must undertake as a responsible coastal state in order to fulfil its international obligations under various international conventions, including the United Nations Convention on the Law of the Sea.

The 2021-2022 Budget allocation for RFMF is strategically geared towards transforming RFMF through technical capacity and capability enhancements across all units, ensuring a more vibrant and modern Military Force.

As part of RFMF's commitment to render support towards national COVID-19 containment efforts, the Force is working closely with the Ministry of Health and Medical Services and other agencies in the provision of manpower and resource needs to the front liners.

The RFMF is allocated a total of \$79.7 million in the 2021-2022 Budget.

FIJI POLICE FORCE

The Fiji Police Force is responsible for maintaining law and order in Fiji by employing best practices in police work and using modern technologies and innovative strategies to prevent criminal activity.

The Force will continue to harness collaboration, and it partners with other Government ministries, relevant stakeholders and the community in order to promote national security and maintain the rule of law.

The Force engages in a wide range of activities to maintain professional personnel who are well-trained and well-equipped to handle the evolving criminal landscape. Facing the challenges of a rapidly modernising society, the Force is seeking out and integrating new technologies to help fight crimes of increasing levels of sophistication. This includes the acquisition of advanced forensic-science tools, the digitalisation of the criminal records system within Force, and the procurement of drones for enhanced surveillance in maritime and hard-to-reach places.

To adapt to Fiji's evolving criminal landscape, the Force is increasingly focussed on preventing cybercrimes and combatting the distribution and use of illegal drugs. Concurrently, in order to reform itself to better address these emerging threats and through infrastructural developments, the Force will continue with the construction of four new modernised police stations in Nadi, Nakasi, Lautoka and Nalawa.

The Force is expanding the reach of its services and aims to improve response time through the procurement of new specialised equipment, including communication equipment, IT Equipment, forensic science tools, police boats and traffic management equipment.

To ensure that Fiji Police Force continues to assist the Ministry of Health and Medical Services, in the fight against COVID-19, 328 new positions are funded in the 2021-2022 Budget.

The Fiji Police Force is allocated a total of \$184.3 million in the 2021-2022 Budget.

The Fijian Government upholds education as the most effective means of sustaining long-term growth for the economy, enriching society, and advancing the upward mobility of the Fijian people. The Ministry of Education, Heritage and Arts is responsible for building a knowledge-based society by ensuring that Fiji's young people have equitable access to high-quality education at all levels.

A total of \$704.6 million has been set aside in the 2021-2022 Budget specifically for the Education Sector, of which \$442.9 million is allocated to the Ministry of Education, Heritage & Arts, \$71.4 million for Higher Education Institutions, \$159.6 million for various scholarships, loans and grants administered by the Tertiary Scholarship and Loans Board; \$28.0 million to support the ongoing rehabilitation and construction of schools and \$2.7 million to support Year 13 and University students with data bundle.

Government loans and scholarships for tertiary students is allocated a budget of \$158.1 million and will continue with adjustments to ensure the schemes encourage personal accountability. Some of the existing initiatives that will continue and support access to inclusive education include the Free Education Grant (Year 1 - 13), Transport Assistance for those whose combined household income is \$16,000 or less, the Tuition Grant for Technical and Vocational Education and Training; the Tuition Subsidy Grant for Early Childhood Care & Education (ECCE); provision of Food and Supplies for Boarding Schools and the Printing and Distribution of Textbooks. As part of the Government's commitment to improve accessibility to basic hygiene in schools, a new initiative is being introduced for Sanitary Pads for girls in Year 7 to 13 with an allocated budget of \$1.5 million.

The Ministry is currently undergoing an organisational restructure that will streamline its systems and strengthen its capacity to more effectively respond to the current needs of the sector, especially amidst the challenges imposed on the nation due to the Covid-19 pandemic. Further, this ongoing structural modernisation will provide strategic oversight for mapping out the long-term development of Fiji's education system. This will allow the Ministry to adapt to the demands of rapid technological advances and globalisation while addressing the increasing disruptions caused by the pandemic and the increasing number of natural disasters the country faces.

Funding for capital projects has been prioritised on needs basis, and the Ministry expects to complete several ongoing construction projects in the new financial year. The Ministry will seek to make significant progress on the rebuilding of schools damaged by TC Yasa in the North, which has been generously funded by the Australian Government.

Within the Ministry, the Department of Heritage & Arts is charged with safeguarding Fiji's rich cultural and natural heritage. The Department is in the process of finalising a National Culture Policy to support social cohesion and promote national unity. To ensure the safety and security of our national collection, a budget of \$200,000 is allocated for the ongoing upgrading works at the Fiji Museum. A budget of \$2.2 million is allocated to the Department.

The National Archives is allocated a budget of \$0.6 million for the preservation and maintenance of Fiji's historical records so that they can easily be used and made available to the public.

The Ministry of Education, Heritage and Arts is allocated a total of **\$442.9 million** in the 2021-2022 Budget.

Government is responsible to ensure that all Fijians have access to needed health services (including prevention, promotion, treatment, rehabilitation and palliative) of sufficient quality and also ensuring that the use of these services are free or does not expose to any financial hardship. The provision of quality health services together with equitable geographic access and service delivery are important components that constitute Universal Health Coverage (UHC).

The Ministry of Health and Medical Services (Ministry) is entrusted with achieving Government's vision to ensure that all Fijians are well covered in the primary, secondary and tertiary levels of healthcare. The overall focus this year for the Ministry will be on delivering this core business under the broader objectives of health protection, health and well-being of mothers and children, and managing the ongoing burden of non-communicable diseases and their complications.

The Ministry has been supported with a suite of healthcare funding based on the global, regional and national health priorities to improve access and to empower Fijian people to take ownership, be responsive and proactive about their own health and wellbeing. Better health is central to human happiness and well-being. Healthy populations live longer, are more productive, save more resources, and make important contributions to sustainability and economic progress.

To achieve quality care to meet the current and growing future demands in health services throughout Fiji, the Ministry will continue with the upgrading and refurbishing of divisional and sub-divisional hospitals, health centres and nursing stations. Some intended major refurbishments are - St Giles Hospital, Emergency Department at CWM Hospital, Upgrade of Lautoka Operating Theatre & X-Ray Department, Upgrade of Labasa Hospital Interior Works and Land Stabilisation & Refurbishment of Savusavu Hospital. The major construction works is only focussed on the extension of the CWM Hospital Maternity Unit in the next financial year.

The Ministry is also committed to ensure that the upgraded and new facilities are supplemented with skilled medical professionals, modern technology equipment and support systems and medicinal products for effective service delivery.

The Major focus of the Ministry has been on communicable diseases, including the response to the COVID 19 pandemic and the vaccination initiative. The global COVID-19 pandemic has presented the Ministry with opportunity to remodel the way it provides, to ensure that the delivery of health services by the Ministry is effective, efficient and relevant to the "new normal" way of living and working in Fiji. The Ministry is focusing on strengthening the various components of the health system to support the ongoing demand on services. This includes strengthening and decentralizing selected clinical services in order to meet the needs of the population through a well-coordinated outreach based service-delivery model.

The Ministry has been allocated funding for COVID-19 Response to support Fiji's nationwide response to the global pandemic. Funding provided through the 2021-2022 Budget are also targeted at Fiji's public health response and provide support for border health protection functions and its operations in supporting Government's economic recovery framework.

The Ministry of Health and Medical Services is allocated \$403.3 million in the 2021-2022 Budget.

MINISTRY OF HOUSING AND COMMUNITY DEVELOPMENT

A thriving Fijian economy and an increased demand for skilled labour have incentivised more Fijians to flock to urban centres to seek employment and raise their families. In effect, this rapid urban growth has increased the demand for quality and reasonable housing at affordable prices. However, the internal migration has put increasing pressure on urban centres, their infrastructure, and their surrounding environment-challenges that are being addressed by Government through targeted investment and thoughtful development planning.

The Ministry of Housing and Community Development is committed to progressively achieve accessible and adequate housing to help more Fijian families own their homes. Given the current challenging economic climate, the Ministry will give priority to the most vulnerable groups while assisting with the wider objective of economic recovery.

The National Housing Policy Review will complete its work in establishing improved policy, operational and legal frameworks for the Housing Sector in Fiji including the provision of a clearer strategic direction to the Housing Authority and Public Rental Board. To expeditiously increase the supply of affordable housing in Fiji, the Ministry will also engage with all stakeholders, including construction companies, with the ambition to reduce the construction cost of homes by harnessing new technologies. The Ministry will also work with development partners, including the private sector to introduce innovative new strategies employed in other parts of the world to successfully meet increasing demands for home ownership.

The Ministry will continue to provide security of tenure to Fijians residing in informal settlements, bringing the stability and peace of mind of long-term land ownership to more Fijian families. The assistance for First Home Ownership will continue and the Housing Assistance for the Fijians living in Rural and Maritime areas. This also includes the continuation of the First Land Purchase programme. Furthermore, the current digitisation programme will continue to improve access to the Ministry's services.

The Ministry of Housing and Community Development has been allocated **\$10.9 million** in the 2021-2022 Budget.

MINISTRY OF WOMEN, CHILDREN AND POVERTY ALLEVIATION

The Ministry of Women, Children and Poverty Alleviation oversees national policies and programmes that create an inclusive social safety net for Fiji's most vulnerable groups and ensure they are cared for, empowered and included in our ongoing national prosperity.

The Ministry of Women, Children and Poverty Alleviation is responsible for providing services and administering programmes that protect and serve the most vulnerable, and contributes to the national poverty alleviation strategy and programmes, working to reduce poverty in Fiji. The Ministry's core work provides critical support to the most disadvantaged groups, with programmes that consider gender, disability, children, older persons and their social and economic circumstances and needs. The Ministry has authority over the Department of Social Welfare, Department of Women and the Poverty Monitoring Unit.

The Department of Social Welfare administers the Government's Social Protection Programmes, which include the Poverty Benefit Scheme, the Child Protection Allowance, the Food Voucher Program, the Social Pension Scheme, the Disabilities Scheme and the Bus Fare Subsidy for the elderly and people living with disabilities. In partnering with the Australian Government and the World Bank, the Department aims to develop a Social Adaptive MIS system designed to enhance its Social Protection Programmes and serve as a platform for the extension of support during natural shocks and disasters.

The Department has the statutory responsibility to ensure the safety and protection of the children of Fiji, including those under the care of the State. It is also responsible for empowering and protecting Persons with Disabilities and the safety and care of Older Persons in Fiji. This includes raising awareness at the community level, reviewing legislations and proving services to the general public.

The Poverty Monitoring Unit is mandated to provide policy advice to Government on the Poverty Status in Fiji and propose poverty alleviation intervention under the Integrated National Poverty Eradication Programme (INPEP).

The Ministry is also the lead national machinery for the promotion of gender equality and women's empowerment in Fiji through the Department of Women. It acts as a catalyst and advocate to promote a whole-of-Government approach to mainstreaming gender into policies and programmes. The revised Women's Plan of Action aims to achieve outputs in the areas of Women's Economic Empowerment, Elimination of Violence against Women and Gender Climate Change and Disaster Risk Reduction.

The Department aims to develop the National Action Plan for the Prevention on Violence against All Women and Girls and to implement the Gender Transformative Institutional Capacity Development initiative and the Women's Entrepreneurship for Women's Economic Empowerment initiative, which will be supported with the Ministry-led Fiji Country Gender Assessment.

The Ministry of Women, Children & Poverty Alleviation has been allocated \$145.5 million in the 2021-2022 Budget.

MINISTRY OF YOUTH AND SPORTS

The Ministry of Youth and Sports is assigned with both promoting the holistic development of Fiji's young people and foster the nation's athletic potential — two distinct, yet overlapping, tasks. Government recognises this inextricable link, rooted in the formative role that sports play in shaping Fijian youth and instilling values and promoting a healthy, active lifestyle.

Given Fiji's young population, the Ministry carries the responsibility of harnessing and channelling the untapped raw potential of Fiji's young people and releasing them into productive areas of society where they can make a difference. This involves providing training to develop soft and hard skills, encouraging networking, mentoring, providing opportunities to build leadership skills through local level implementation, and promoting entrepreneurship and innovation. By doing so, Government is enabling Fiji's next generation of leaders — an investment of developing the youth of today to improve Fijian communities of the future.

Recognising the impacts of COVID-19 pandemic on the socio-economic status of young people, the Ministry will employ a targeted approach and recovery strategies that will ensure timely restoration and reform through formulation of cohesive youth and sports plans and services, enhanced partnership and training.

To ensure the well-being of our Fijian youths, the Ministry has reviewed its youth and sports development programmes and will align its short-term emergency responses with investments into long-term economic and social priorities. The youth development and grants programmes are aimed at empowering and equipping young people with the knowledge and skills to enable them to become self-reliant and be climate resilient through developing income generating opportunities that are innovative, viable and sustainable. To further support this, the Ministry operates its Youth Training Centre's around the country, along with rural and urban mobile skills training in areas of skills shortage or reskilling young people in new areas for income generation and sustainable employment. To ensure effective program implementation the Ministry will enhance its partnership and collaboration with relevant line Ministries and stakeholders.

The Ministry also drives sporting development in Fiji to encourage healthy lifestyle choices among Fijians of all ages, in addition to maintaining and building Fiji's position as the Pacific hub for athletic competition. The Ministry's work falls within the framework of a number of existing policies that govern national sporting development.

In line with Government's goals of both creating a healthier society and bolstering the nation's sports tourism capabilities, the Ministry is charged with the advancement of Fijian sports facilities and development of sports related policies. The Ministry will continue to invest in building and upgrading Fiji's sporting infrastructure, particularly in rural areas. For the next financial year, the ministry aims to construct six hard courts for the provision of Sports and Recreational Activity Facilities in dense populated area as means to change people's lifestyle by participating in sports or recreational activity and also fight NCDs. The Ministry will work closely with the National Sports Commission to develop a system that nurtures sportspeople at all levels, from beginner to elite. This includes formulating incentives for the private sector to support the development of sports in Fiji.

The Ministry of Youth and Sports is allocated \$10.2 million in the 2021-2022 Budget.

HIGHER EDUCATION INSTITUTIONS

As part of its record-setting investment in Fiji's education system, Government provides operational grants funding to a number of the nation's tertiary institutions. This funding aims to boost the competitiveness of the Fijian workforce over the medium- to long-term by giving our students access to high quality education and professional training. By doing so, more Fijians will be armed with the skills to meet the employment demands of a rapidly-evolving and dynamic economy.

Specifically, Government is assisting Fiji's tertiary institutions to develop coursework in fields that will help fill careers aligned with our national development needs. This forward-thinking approach is an investment in the economy of tomorrow; as more Fijian students fill the nation's tertiary classrooms, new career paths in modern industries will await them upon their graduation.

Grants are administered by the Fiji Higher Education Commission and are only available to fully-accredited institutions that have charitable trust status.

Higher Education Institutions have been allocated \$71.4 million in the 2021-2022 Budget.

Programme 1: Higher Education Institutions

The Ministry of Agriculture's 2021-2022 Budget entails programmed activities that will address the impact of COVID-19 and pursue opportunities to ensure food and income security and sustainable livelihood for all Fijians, focusing on building community resilience. This will be guided by the 2019-2023 Strategic Development Plan priorities and Expansion and Growth Plan initiatives, which is underlined by the Transformational 5 Year – 20 Year National Development Plan. The emphasis will be towards growing the sector through enhancement of Commercial Agriculture whilst achieving sustainable food security through extensive agriculture services. The Ministry will continue to deliver its immediate objectives with strong Public Private Partnership as the basis in economically transitioning Fiji's agriculture sector.

The Ministry is committed to its strategic priorities of improving food and nutrition security for all Fijians through programmes that deliver improved production and access to safe and nutritious local food for rural and urban communities, increase adoption of local food gardens, and fruit tree cultivation. The key principle for a strong agriculture sector is to ensure that farmers earn sustainable income in activity they view as a business that provides viable returns. As such, the Ministry will step up a concerted approach to promote demand-driven production by implementing programs that achieve maximum farmer engagement across the sector, including participation by women, youth and the vulnerable.

Climate change will continue to affect environmental conditions for the agriculture sector. Therefore, the Ministry is committed to support agriculture development that is smart for the climate, smart for the environment and smart for the economy. In addition, the Ministry will continue to accelerate the process of transitioning small holder farmers to the commercial level. This will include continuous support for improving infrastructure and providing an enabling environment for farming businesses. Work will continue on registering farming clusters, enhancing financial inclusion and meeting demand-driven needs along the value chain. Also, research and development programs, which are vital to promoting genetic diversity in crops and livestock, adaptability and resilience will continue to be improved. The Ministry's response to any crisis and the continuing strength of the agriculture sector is driven by its research and development efforts.

The Ministry is committed to further enhance its public sector performance and service delivery through organizational reform and workplace improvement that provides efficient and effective support to stakeholders. Our talent agenda is focused on cultivating a growth culture to enhance staff capabilities, retain critical talent, and ensure a strong pipeline.

The current pandemic has disrupted food supply chain, resulting in food security scares across various countries. For Fiji's agriculture sector, this crisis has brought vulnerabilities to the forefront, but has also created opportunities that the Ministry will capitalize on. The Ministry of Agriculture wishes to seize this opportunity by fulfilling two critical primary and strategic objectives:

- Secure the country for its food and nutritional requirements and progressively expand agriculture to its full potential to raise national income and become the leading export earner for the country; and
- Improve the livelihood of rural communities, provide employment opportunities and use sustainable agricultural practices to mitigate climate change issues.

Finally, the Ministry will continue to engage and build strong, lasting partnerships with all relevant internal stakeholders, potential investor organisations, agencies, and farming communities as we continue to make progress on our mission to "Grow Beyond" and maintain a forward focus in leading the agricultural transformational agenda beyond incremental growth.

The Ministry of Agriculture is allocated a total of \$61.9 million in the 2021-2022 Budget.

MINISTRY OF FISHERIES

The Ministry of Fisheries is mandated to lead the whole-of-nation approach towards sustainably managing Fiji's fisheries resources. It does this through increasing collaboration with the various stakeholders from the subsistence fisher in the remote islands, rural villages and informal settlements to the inshore and offshore commercial fishers, among others. The underlying philosophy is to sustainably manage this marine resource to support food security and economic growth whilst also ensuring its sustainability for posterity.

Given this setting, the Ministry will review and implement its strategies in three key fishery areas – offshore fisheries, coastal fisheries and aquaculture, taking into account the unprecedented challenges brought on by the COVID-19 global pandemic and the on-going challenges caused by climate change, both of which provide a compelling need to operate under a new normal. The Ministry will also develop fit for purpose legislative framework, enforce compliance, review the offshore and coastal licensing system, provide advisory and support services, and conduct appropriate research and marine conservation activities all of which will be aligned to Government's national priorities, and to Fiji's commitment to international conventions.

The Ministry operates a nationwide service centre network ensuring quality and excellence which is embedded in the processes, service delivery and its people. This service centre network implements key programmes, projects and activities, connecting the industry to the community and its development partners. It works diligently to balance the cultural significance of fishing and the economic development of the fisheries sector, while also ensuring that Fiji meets the national, regional and international obligations to protecting marine resources.

The Ministry's efforts to achieving a sustainable blue economy remains steadfast. It will continue to incorporate climate resilience and adaptation efforts through practical and viable adaptation solutions – for the benefit of individual fisheries businesses, the sector, and the communities it serves. These efforts include combatting illegal, unreported and unregulated fishing, fisheries sector trade subsidies, maximising resource rent, building Fiji's food security, harnessing the full potential of Fiji's aquaculture and inshore industries through import substitution and diversification, blue carbon trading, marine biodiversity conservation and disaster management.

The Ministry is allocated a total of \$13.1 million in the 2021-2022 Budget.

MINISTRY OF FORESTS

Trees and forests play an important role in an increasingly environment- and nature-conscious world. They not only store carbon, provide clean air, prevent soil erosion, protect water sources, and provide shelter for countless organisms and humans, but they also offer the opportunity to meet humanity's socio-economic and food security needs, among other things. Globally, trees and forests now have an elevated platform as a nature-based solution to addressing climate change and the increasing number and intensity of natural disasters like the Category Five Tropical Cyclones that have proven disastrous to Fiji. Scientific literature now promotes less destruction to trees and forests as a means of reducing the spread of zoonotic diseases like the COVID-19 global virus.

In recognition of the importance of trees and forests, the Fijian Government has and continues to reposition itself to promote the sustainable management of Fiji's forests. The 30 Million Trees in 15 Years initiative, for instance, is part of Fiji's green recovery. This programme, and many other initiatives including supporting economic growth at the community and national levels, are at the heart of the Ministry of Forestry's strategic direction. Understanding the national imperatives and supporting the forestry sector, which in turn provides economic empowerment to Fijians, are vitally important.

The 2021-2022 Budget will enable the Ministry to achieve such plans and also continue the momentum of meeting Fiji's national and international obligations such as the reduction of greenhouse gases and carbon emission.

Specifically, the 2021-2022 Budget will ensure that the Ministry carries out and completes the National Forest Inventory. The inventory is normally carried out every decade and will help ascertain the status of Fiji's forests and thus chart the way forward for Fiji in terms of the sustainable utilisation and management of forests. The Budget will enable the Ministry to continue Fiji's mass tree planting to increase forest cover, protect forest ecosystems and biodiversity, while also offsetting some of our carbon output. Tree planting sites will range from degraded forest areas and plantation areas to greening towns and cities. The signing of the Emissions Reduction Programme Agreement (ERPA) in January 2021 with the Forest Carbon Partnership Facility (FCPF) under the World Bank will further support the tree-planting initiative and minimise carbon emissions from deforestation and forest degradation.

The Budget will allow the Ministry to improve its efforts to assist business. The Ministry rolled out its online trade licensing system in 2020 and will broaden this digital scope to other types of licenses, guaranteeing that business processes are streamlined with efficacy. Ensuring greater returns on investment, this Budget will enable the Ministry to also focus on value-added products and non-timber products that have proven potential to generate quick and long-lasting returns to resource owners and forest-based companies. Forest certification, which had started last year for the mahogany industry, will continue to be supported, guaranteeing that Fiji receives optimal benefits from our highly valued Mahogany.

The Budget will also enable the Ministry to continue Government's rehabilitation works in the maritime and rural communities, rebuilding homes and restoring hope in people's lives. While sustainably managing Fiji's forest resources, the Ministry will continue to rejuvenate economic activity, promote equitable distribution of wealth and contribute to overall economic growth and ultimately prosperity.

The Ministry of Forestry is allocated \$13.2 million in the 2021-2022 Budget.

MINISTRY OF FORESTS

Programme 2: Forestry

ACTIVITY 1: General Administration

- 32-2-1 -1. Personal Emoluments (\$379,869); FNPF (\$22,792).
 - -2. Wages (\$94,197); FNPF (\$5,652).
 - -3. Travel (\$5,000); Subsistence (\$5,000); Telecommunication (\$17,000).
 - -4. Vehicle: Fuel and Oil (\$4,500); Vehicle: Spare Parts and Maintenance (\$20,000); Maintenance of Office Equipment (\$7,500); Land Lease Payment for Forest Reserves (\$60,000); Prefabricated Buildings (\$3,350); Stationery and Printing (\$2,500); Water, Sewerage and Fire Services (\$1,450); Courier/Mail Expenses (\$500).
 - -5. Books, Periodicals and Publications (\$1,250); Stores and Equipment (\$2,750); Board and Committee Expenses (\$1,000).
 - -6. Fiji Pine Trust Extension (\$745,102) **R**; Annual Contribution Asia Pacific Association of Forestry Research Institution (\$2,500); Annual Contribution International Union of Forest Research Organisations (\$2,500); Annual Contribution International Bamboo and Rattan Organisation (\$18,000).
 - -7. Government Contribution to ITTO Rewa Delta Mangrove Project (\$19,882).

Programme 2: Forestry

ACTIVITY 2: Forest Conservation and Management Services

- 32-2-2 -1. Personal Emoluments (\$233,384); FNPF (\$14,003).
 - -2. Wages (\$64,453); FNPF (\$3,867).
 - -3. Travel (\$2,500); Subsistence (\$5,000); Telecommunication (\$3,600).
 - -4. Vehicle: Fuel and Oil (\$4,900); Vehicle: Spare Parts and Maintenance (\$7,000); Prefabricated Buildings (\$3,500); Equipment (\$4,950); Forest Certification (\$10,000); Permanent Sample Plots Operation (\$58,600).
 - -5. Stores, Equipment and Uniforms (\$5,000).
 - -7. GIS Data Processing and Display Software (ArcGIS Subscription) (\$40,000); Reducing Emissions from Deforestation and Forest Degradation (World Bank) (\$2,000,000) **R**.
 - -8. Reducing Emissions from Deforestation and Forest Degradation (REDD Plus) (\$227,452) R.

MINISTRY OF LANDS AND MINERAL RESOURCES

The Ministry of Lands and Mineral Resources is a key facilitator and contributor to the nation's socio – economic development. It is responsible for policy formulation and for monitoring and implementation of programmes in the areas governing Fiji's state land administration, mineral sector, and groundwater resources. In addition, the Ministry plays an important role in the management of revenue from services such as lease fees and ground rent, mapping, plans, licenses and royalties.

There are two (2) departments within the Ministry. The Department of Lands & Survey is responsible for the effective and efficient administration, development and management of all State land in Fiji. The services provided by the Department includes the administration of State leases; land surveying; mapping; land valuation; geospatial information systems; survey plan examination and approval; the development and maintenance of State land; and the licensing of river gravel and sand extraction. It also manages the Land Use Unit, which coordinates the implementation of Government's land reform initiatives that pave the way for improved socio – economic growth, with a focus on equitable returns to landowners and security of tenure for the tenants. The governance of State land is provided under the provisions of the State Lands Act, Surveyors Act, Property Law Act, Lands Sales Act, Rivers and Stream Act, Subdivision of Land Act, Land Transfer Act, Valuers Registration Act and Agricultural Landlord and Tenant Act (ALTA).

The Department of Mineral Resources oversees and facilitates development of Fiji's minerals, rocks and groundwater resources. It undertakes studies in relation to geological hazard assessment, which includes geotechnical issues, and monitors for landslides, earthquakes and tsunamis for public alerts and warnings. It also plays an important role in the continuous provision of reticulated boreholes to communities in the rural and maritime areas to give access to clean and safe drinking water. The Department also regulates the mining and quarrying sector with a mandate under several Acts and Decrees, including the Mining, Petroleum (Exploration and Exploitation), Quarries, Explosives, Continental Shelf and International Seabed Mineral Management Acts. It also monitors the sector's impact on Fiji's environment.

The Ministry's Corporate Service Division provides administrative and financial support to all professional and technical divisions, better enabling the entire Ministry to align with Government's goals and obligations.

The Ministry of Lands and Mineral Resources is allocated a total of \$23.2 million in the 2021-2022 Budget.

MINISTRY OF COMMERCE, TRADE, TOURISM AND TRANSPORT

The Ministry of Commerce, Trade, Tourism and Transport remains at the forefront for economic recovery amidst the COVID-19 pandemic, which has significantly affected the domestic and international markets.

The Ministry is actively embracing the "new normal", to solidify and strengthen Fiji's position as the economic and international trade hub of the Pacific, and to develop and diversify the Fijian economy to be more vibrant, resilient, and export-led.

The Ministry has enabled the safe re-opening up of business during this pandemic. In conjunction with the Ministry of Health and Medical Services, the Ministry has developed COVID-safe protocols for various sectors.

Given that the Ministry serves a cross section of sectors, this is the time to rearrange the conventional way of responding to external shocks, through the provision of appropriate policy action to bolster our economic future. This financial year, the Ministry will continue to work with all its stakeholders to achieve a well-coordinated and collaborative response towards COVID-19 socio-economic recovery and accelerated solutions.

In this regard, reforms of Government processes and procedures are critical to improve doing business in Fiji. At the beginning of 2020, the starting a business processes were streamlined and reduced to only 3 mandatory procedures for a business to start. In the coming financial year, extensive work will be undertaken to fully digitalised processes for starting a business and obtaining building permits.

With the inclusion of the Department of Transport and Government Shipping Services, the Ministry's responsibilities have expanded to include developing policies and strategies for land and maritime transport to ensure both international and domestic transport connectivity, and modernisation of the transport sectors.

To re-ignite grassroots entrepreneurship and create resilience for any future external shocks, the Ministry's programmes and initiatives focus on support and development of Fiji's micro, small and medium enterprises (MSME) and co-operatives. Through various MSME assistance programmes designed for young entrepreneurs, budding exporters, and communal groups, the Ministry is working towards creating a climate where innovative business ideas can be transformed into a commercial reality. The Ministry is empowering ordinary Fijians' ability to tap into their economic potential, all while growing the economy as a whole. The programmes also reinforces grassroots level entrepreneurship by providing skills training and economic guidance to arm them with the necessary knowledge to succeed in their business, despite the challenges brought by the 2nd wave of the COVID-19 outbreak.

The Ministry will continue working with tourism industry stakeholders to implement COVID-safe guidelines and market re-entry in order to position Fiji strategically in the global tourism market and be 'future fit'. With a national vaccination target set, the Ministry will continue working with the health authorities and industry to implement a phased approach to reopening and to remain competitive.

The following divisions are under the ambit of the Ministry: the Trade Unit; Economic Unit; Department of National Trade Measurement and Standard; Department of Co-operative Business; Tourism Unit; Micro Small Medium Enterprises Fiji Unit; Department of Transport and Government Shipping Service, along with four distinct Trade Commissions to cater for targeted international markets: Australia; New Zealand; China and North America. The Ministry also oversees the following institutions, boards and councils: the Consumer Council of Fiji; Investment Fiji; Tourism Fiji; Film Fiji; Real Estate Agents Licensing Board; Land Transport Authority and the Maritime Safety Authority of Fiji.

The Ministry of Commerce, Trade, Tourism and Transport is allocated a total of \$81.3 million in the 2021-2022 Budget.

MINISTRY OF SUGAR INDUSTRY

More than 200,000 Fijians directly or indirectly depend on the Sugar Industry for their livelihoods. To support these Fijians and the Fijian economy as a whole, the Ministry of Sugar Industry is responsible for laying down a solid foundation to create a sustainable Sugar Industry that remains prosperous in the face of modern challenges.

The industry is going through challenges due to the global pandemic and the devastating impact of Tropical Cyclone Yasa in December 2020 and Tropical Cyclone Ana in January 2021. The two cyclones have caused damages and losses of over \$50 million and crop loss of approximately 20% for 2021 season.

The Ministry of Sugar Industry together with the Fiji Sugar Corporation and Sugar Research Institute of Fiji (SRIF) will concentrate on improving per-hectare yield through strengthening research and development, improving farm advisory services and improving soil health with continued promotion of green manuring technology.

The Sugar Research Institute of Fiji will promote the farmer field-school concept, an interactive learning approach for farmers and farm advisors, carry out large mill trials of promising varieties, and initiate liming and bio-fertilizer application to learn their impact on soil health. There will be improvement in research laboratories and scientific human resources, periodic trainings for farm advisors on best management practices of sugarcane, field evaluation and promotion of intercropping for additional income to farmers, research and promotion of Sustainable Sugarcane Initiatives (SSI) and rehabilitation strategies for saline and alkaline soils in the sugarcane belts.

Infrastructure development through upgrading of cane access roads is also a main focus area for the Ministry. Furthermore, considering the impact of COVID-19, Tropical Cyclone Yasa and Tropical Cyclone Ana, cane growers will be paid a guaranteed cane price of \$85 per tonne for their 2021 crops. The total estimated cane production for the 2021 season is 1.4 million tonnes.

The Ministry of Sugar Industry is allocated a total of \$72.2 million in the 2021-2022 Budget.

Programme 1: Sugar Development

ACTIVITY 1: Sugar Unit

MINISTRY OF LOCAL GOVERNMENT

The Ministry of Local Government is guided by the overarching vision that good governance at all levels of society is critical to both Fiji's economic development and to the realisation of every Fijian's constitutional rights.

Recognising that the duties of productive local governance often fall outside the strictly-drawn boundaries of a municipality, Government is taking strides to give the Ministry the tools it requires to implement effective change not only locally, but regionally. A recent amalgamation of duties of rural local authorities with municipal councils has seen an increase in Ministry activities, including solid waste collection and building permit management.

The Ministry oversees two key Departments: Local Government and Town & Country Planning.

Through the Department of Local Government, the Ministry supports and monitors Fiji's towns and cities. The Department is responsible for the overall administration and regulation of 13 Municipal Councils around the country and the oversight of National Fire Authority through the Local Government Act 1972 and the National Fire Services Act 1994 respectively. The Department activities include monitoring Municipal Councils in accordance with the Local Government Act 1972. The Department supports the promoting of well-being and quality of life of citizens and communities through good governance and efficiency in services.

Government has set aside funds for the membership payment to Commonwealth Local Government Forum to maintain the partnership that can promote strengthening of good governance practices within Fiji's Municipal Councils. The Department seeks timely technical advice and assistance pertinent to local government laws, policies and projects. The Department's development programmes and projects are funded directly through Government grants. The Department of Local Government is tasked to ensure services are provided equally to all Fijians. To maintain public safety and security, the Department works closely with the National Fire Authority by issuing operational grants, funding for fire station upgrades and subsidises for the purchase of emergency vehicles and life-saving equipment.

Through the Department of Town and Country Planning (DTCP), the Ministry formulates urban and rural planning policies that can accommodate Fiji's economic growth objectives. The DTCP is responsible for the overall administration, planning and regulation of land use in Fiji through the Town Planning Act 1946 and Subdivision of Land Act 1937.

The Department will continue to work with the Singapore Cooperation Enterprise to develop a master Land Use Plan for the Greater Suva Area, Lautoka City and Nadi Town. Municipalities' growth potential will also be analysed during this comprehensive study, and recommendations will be made to uplift the quality of life in municipalities and the surrounding areas with assets such as markets, satellite markets and bus stands.

In addition, the Ministry will continue to oversee the planning and development of growth centres into new towns namely, Nabouwalu, Korovou, Seaqaqa and Keiyasi.

The Ministry of Local Government is allocated a total of \$12.7 million in the 2021–2022 Budget.

MINISTRY OF INFRASTRUCTURE AND METEOROLOGICAL SERVICES

The Ministry of Infrastructure and Meteorological Services consists of the Department of Meteorological Services, Department of Works, Department of Energy and the Department of Water and Sewerage.

In line with the Ministry's vision for a 'Resilient and Sustainable Infrastructure', these departments work to improve the lives of all Fijians through the provision of timely and reliable weather, climate and hydrological information, policy advice and resilient infrastructural support services including water and wastewater management. The network of roads, bridges, ports, jetties and services infrastructure is critical to both the well-being of the Fijian people and the nation's economic development. As such, Government is committed to ensuring reasonable access to reliable infrastructure and essential services for every Fijian citizen.

In the 2021-2022 financial year, the Ministry is committed to ensuring sound meteorological and hydrological advice, and access to reliable infrastructure through the respective departments:

- The Department of Meteorological Services is committed to improving forecasting capabilities through upgrading of its reporting and network facilities, and meeting regional and international obligations.
- The Department of Buildings and Government Architects is committed to providing support services in architectural building design, engineering and structural design, and quantity surveying services to meet the needs of Ministries and Departments in consultation with Construction Implementation Unit under the Ministry of Economy. It also helps strengthen the nation's compliance with the National Building Code for resilient building structures Fiji wide.
- The Department of Works is committed to strengthening community and stakeholder partnership in supporting reasonable access to infrastructural development, whilst maintaining rapid response capability during times of natural disasters.
- In its effort to meet national and international carbon emission reduction targets, the Department of Energy is committed to renewable, modern and sustainable energy initiatives while ensuring that all Fijians have access to some form of electricity.
- The Department of Water and Sewerage is committed to providing policy advice on water and sanitation.

The Ministry is undergoing a workforce restructure, allowing it to better align with Government's vision of a streamlined and modern economy across all sectors.

In the Ministry's commitment to render support to national containment efforts on the COVID-19 pandemic, the Ministry is closely working with the Ministry of Health and Medical Services and other agencies in the provision of manpower and resources to our front liners.

The Ministry of Infrastructure and Meteorological Services is allocated \$23.8 million in the 2021-2022 Budget.

WATER AUTHORITY OF FIJI

Access to clean water is both a fundamental right of every Fijian, as enshrined in the Fijian Constitution, and an essential component of sustainable development. The Water Authority of Fiji (WAF) is responsible for helping achieve Government's vision to provide every Fijian household access to clean water and efficient and effective wastewater services. WAF currently provides these services to over 829,150 residential and 162,245 non-residential metered customers, reaching over 884,887 Fijians nationwide. Currently, WAF has an active 151,690 water and 32,500 wastewater connections.

The 2020-2025 strategic plan will guide the organisation towards fulfilling its vision and mission over the next 4 years. The year 2020-2021 was a challenging year due to COVID-19 and the impacts of TC Yasa and TC Ana. These major events have forced WAF to relook at its business operations and bring about new and innovative business strategies.

The Authority's 2021-2022 Budget is focused on more capacity and resilience-building upgrades to our existing infrastructure and contingencies for when disruption occurs. It is also focused on asset delivery through innovation and technology and ensuring that our existing assets serve a longer service life through modern asset management processes. In delivering through our assets improved operations, we will better be able to ensure regulatory, environmental, statutory, and financial compliance.

The 2021-2022 Budget for WAF is **\$194.9** million of which **\$72.1** million is for operating expenditure and **\$122.9** million is for capital investment to achieve 24/7 delivery of water to all Fijians and expand Fiji's sewerage network. To date, 31,026 households (value of total free water provided is \$436,721.98) have benefited from Government's free water initiative, which will continue to expand in this financial year.

As articulated in the 5-Year and 20-Year National Development Plan, Government will undertake major investments to cater for the country's long-term water supply needs; this includes an investment of \$13.7 million to improve water distribution systems. Government is providing \$20.2 million to further improve water treatment quality; \$0.5 million for the replacement of water meters; \$2.9 million for non-revenue water; \$6.8 million for the upgrade of wastewater treatment plants; and \$1.2 million to upgrade the wastewater distribution system to ensure that Fijians within urban centres are connected to the wastewater reticulation system.

Government will provide an allocation of \$4.5 million to the Rural Water Supply Programme in order to provide access to clean water in rural communities. \$8.7 million is for electrical works at WAF's water pump and wastewater stations, and \$0.6 million will be utilised to continue improvement of catchment and water source areas.

An allocation of \$1.5 million is provided for rural water carting to communities in non-metered areas during periods of drought, water disruption and during the current recovery period from COVID-19 pandemic.

An Urban Water Supply and Wastewater Management Project is designed to augment vital urban infrastructure and services, supporting sustainable growth and development in the Greater Suva Area by increasing water-supply capacity by 26 per cent and wastewater-treatment capacity by 164 per cent. As part of the project, a new 40 mega litre treatment plant is being constructed in Viria, Rewa. Blended funding provided by the Asian Development Bank (\$7.0 million), European Investment Bank (\$12.0 million), the Green Climate Fund (\$10.0 million), and local sources (\$26.0 million) has made this immense project possible.

The 2021-2022 financial year will realise the construction of major components of the Rewa River Water Supply Scheme Project including the new Viria 40 mega litre treatment plant, intake pumping station, 10 mega litre Waitolu reservoir and bulk water mains.

The overall project progress (inclusive of design, procurement and construction) is approximately 41% complete for the Design Build contract and 32% for the Gravity Mains contract. The new treatment plant and reservoir is expected to be commissioned by December 2022.

Finally, WAF is embarking on a cultural transformation in trying to strengthen and improve the Work Place Culture at WAF. The Board has approved its Culture Development Programme in December 2020 and this is currently being implemented through to 2021-2022 to improve organisation performance.

MINISTRY OF WATERWAYS AND ENVIRONMENT

The Ministry of Waterways and Environment recognises that waterways management and the preservation of Fiji's natural environment share many inherent linkages, with the country's waterways and the natural environment subject to vulnerability due to the worsening impacts of climate change.

The Ministry will continue to maintain drainage systems and manage Fiji's creeks, tributaries and rivers and sets out the direction for the waterways sector to achieve sustainable development, effectively manage the nation's water resources for economy-wide benefits, and implement activities and policies to mitigate economic loss caused by floods.

The Ministry will also continue to ensure that Fiji's national development does not come at the cost of our natural environment (which includes land, water/sea and air) and human health. Through the implementation of coordinated environmental legislation, policies and programs, it works to expand public awareness and enforce strict adherence to the laws that protect and conserve Fiji's ecosystems and unique biodiversity for future generations.

In its work to improve stormwater management, mitigate flooding and improve irrigation, the Ministry incorporates aspects of hydrological analysis and studies, drainage surveillance and realignment, waterway dredging and river-embankment management and coastal protection activities. An allocation of \$0.88 million is provided through the Drainage and Flood Protection Programme to help alleviate flooding. A provision of \$1.3 million is made for the construction of seawalls, groyne and wave breakers for villages and communities faced with the threat of coastal inundation and erosion.

The Ministry will provide irrigation support for farm development through a funding provision of \$0.13 million. A provision of \$0.22 million is provided for the Maintenance of Irrigation Schemes. The Drainage for Rural Residential Areas Programme is provided \$0.5 million for the improvement of drainage in waterlogged areas, uplifting lives of rural Fijians. \$0.5 million is also provided for improvement of farmland drainage.

The Ministry will work to protect Fiji's natural environment, driven by the importance that flora and fauna have for national development and the cultural significance they bear for the Fijian people. To curb pollution and conserve Fiji's natural resources, including lakes and rivers, our biodiversity, forests and wildlife, \$1.0 million is allocated for subsidy for Naboro Landfill. The completion of construction of Naboro landfill – stage 2 cell 3 is allocated \$1.5 million.

Due to the pandemic, the Ministry's operations has also been affected. The Ministry has been operating using COVID-19 Safe Business Operations from the Ministry of Commerce, Trade, Tourism and Transport (MCTTT) to carry out required works. With regards to the processing of applications for Environment Impact Assessments, Waste and Pollution Control, Ozone Depleting Substances and CITES Permits, the Ministry has introduced the Green Lane Initiative and reduced processing timelines. As part of the Ministry's rehabilitation and restoration initiative, the Ministry has launched Jobs for Nature Rehabilitation (J-NR) Programme, which allows communities to safeguard and protect biodiversity while creating employment for people affected by COVID-19.

The 2021-2022 Budget for the Ministry is \$13.4 million.

FIJI ROADS AUTHORITY

The Fiji Roads Authority (FRA) is responsible for the country's entire surface-transportation network which, due to unprecedented funding allocations in recent years, has been massively expanded and upgraded to provide new levels of access and far greater mobility to the Fijian people. As the network that connects our towns, cities, domestic and international ports and rural and maritime communities, FRA's assets facilitate increased flows of goods and services throughout our country.

The Authority is also responsible for implementing the footpaths and street-lighting programmes, which give greater measures of safety and security to roadside communities and pedestrians all across Fiji.

FRA's focus for the 2021-2022 financial year is improving level of service of existing roads, preserving existing infrastructure and completing ongoing projects. In addition, FRA will be undertaking research to develop and test road sealing products and methodology that will give better value for money.

The 2021-2022 Budget for FRA is **\$272.4 million** of which **\$12.6 million** is for operating expenditure and **\$259.8 million** for capital expenditure.

\$72.9 million is allocated for essential maintenance of FRA's road assets in order to preserve its useful life while ensuring road user safety. An allocation of **\$50.0** million has been made for FRA's ongoing programme for the renewal and rehabilitation of roads. Through this programme, it is expected that user vehicle operating cost, vehicle occupant safety and FRA annual maintenance costs will be reduced.

To replace bridges that are no longer structurally sound and pose significant public risk, \$34.0 million is allocated towards the Upgrade and Replacement of Bridges Programme. The replacement of key bridges will ensure that accessibility for our communities and safety are maintained.

To improve accessibility to rural communities, \$15.9 million is provided for the Rural Roads Programme. The objective of the programme is to upgrade roads or tracks used by rural communities into standard unsealed roads that would service rural villages, providing easier access to markets, education, health care and other essential services.

\$15.0 million is allocated for Stage 2 of the Queen Elizabeth Drive, Nasese upgrade project, which involves road upgrading, drainage improvements, pavement works and utility relocation. This is expected to ease congestion and improve road user experience.

The Transport Infrastructure Investment Sector Project aims to rehabilitate roads, bridges and jetties to achieve climate-resilient transport infrastructure, more efficient project management support and effective institutional management. The project is financed through Asian Development Bank and World Bank loans of US\$100 million and US\$50 million respectively, supplementing already-robust Government investment. The breakdown for the 2021-2022 Budget allocation of \$70.0 million are as follows: Asian Development Bank - \$50.0 million; and World Bank - \$20.0 million.

Through the transport infrastructure investment project loan major arterial roads Queens and Kings Road will be rehabilitated with new footpaths and street lights including bus shelters across the villages and settlements. The design for forty (40) new critical bridges and three major jetties (Savusavu, Nabouwalu and Natovi) will also be completed. Foster Road would be having a major facelift with new surface, alongside with parking provisions and new traffic lights amongst major intersections.

Programme 1: Roads, Bridges and Jetties

ACTIVITY 1: Fiji Roads Authority

43-1-1 -6. Operating Grant - Fiji Roads Authority (\$12,559,733) - **R**.

-10. Capital Grant - Fiji Roads Authority (\$189,797,547) - R.

Direct Payment: Transport Infrastructure Investment Sector Project (ADB) (\$50,000,000); Transport

Infrastructure Investment Sector Project (World Bank) (\$20,000,000).

Aid-in-Kind: Project Preparation for Reconstruction of Tamavua-i-Wai Bridge (JICA) (\$1,115,733).

PEACEKEEPING MISSIONS

For more than 40 years, Fiji has responded to the call of the United Nations (UN) to serve in some of the most difficult circumstances around the world. Fiji has proudly contributed troops to successive peacekeeping operations in Lebanon, Sinai, Iraq, Syria, Timor-Leste, South Sudan, Darfur, Liberia, Bosnia, Kosovo, Kuwait, Namibia, Cambodia and the Solomon Islands.

It is a source of great pride that a nation of Fiji's size is able to make such a meaningful and significant contribution to securing peace in some of the world's most troubled regions.

The Republic of Fiji Military Forces and the Fiji Police Force currently serve in 5 out of the 14 current UN peacekeeping missions around the world, and also serve in the non-UN mission in Sinai.

The UN Security Council mandate for peacekeeping operations calls for security personnel deployed to conflict zones under UN authority to: maintain or restore international peace and security, exclusively in the common interest of the international community; disengage the conflict parties; create conditions for peaceful settlement of a conflict; monitor ceasefire agreements; and render humanitarian assistance to civilian populations in the area of deployment.

A total of \$50.6 million is allocated to Fiji's Peacekeeping Missions in the 2021-2022 Budget.

MISCELLANEOUS SERVICES

Funding allocations under Miscellaneous Services are administered by the Ministry of Economy. This Head includes allocations that require additional scrutiny for disbursement and stringent monitoring procedures to ensure that funds are utilised properly. This also provides a control mechanism for new programmes and special payments. Funding for contingency purposes like natural disasters are also allocated under this Head.

In the wake of the global crisis, the preservation of Fijians' health and the resilience of our economy will require a coordinated, whole-of-government approach.

To soften the economic blow felt by Fijian workers and their families due to COVID-19, \$200.0 million is allocated to Unemployment Benefit, \$8.5 million is allocated for Financial Relief Support, \$5.0 million is allocated for the Stronger Together Job Support Scheme, \$4.0 million for Jobs for Nature, \$13.0 million for the COVID-19 Credit Guarantee Facility, \$40.0 million for the Fiji Recovery Rebate Package and \$18.0 million for Electricity Subsidy.

Major miscellaneous expenditures under Head 50 include funding for the Tertiary Education Loan Scheme (TELS) and National Toppers Scheme (NTS) which have a total allocation of \$153.1 million. Funding for other local and overseas scholarship awards will continue.

Other allocations include the ongoing rehabilitation and construction of schools and public buildings, ongoing contingency funds for disaster risk, vehicle leasing, iTaukei Land Development, Nadi River Flood Alleviation project, and other capital grants and transfers will continue.

A total of \$713.4 million is allocated under Head 50, which includes \$6.1 million for capital construction, \$28.9 million for capital purchases and \$508.6 million for capital grants and transfers.

PENSIONS, GRATUITIES AND COMPASSIONATE ALLOWANCES

The Pensions Section manages the computation and payment of various pensions in accordance with existing pension legislation. The Section also processes re-engagement benefits for corrections officers, military officers and forest guards.

The section oversees the payment of pensions to government pensioners, ex-parliamentarians, ex-prime ministers and presidents, ex-chief justices and retired judges, service pensioners and the widows and orphans of deceased public officers.

Details of Expenditure:

- 1) Provision for payment of civil pensions under the Pensions Act 1983.
- 2) Provision of 60% to civil pensioners' widow or widower under Section 16 of the Pensions Act 1983.
- 3) Provision for widows and orphans entitled to pensions. Payment is only provided for those widows and orphans whose deceased husbands (Public Officers) contributed to this scheme. (Widows and Orphans Pension Act 1914)
- Provision for lump sum payment for prison officers gratuity and re-engagement benefits -Pensions Act 1983.
- 5) Gratuities to Contract Officers.
- 6) Includes provision for Lebanon and Sinai Pensions and re-engagement benefits of RFMF officers under Section 7 of the Pensions Act 1983.
- 7) Pension to former Presidents' and Prime Ministers'.
- 8) Pension to members and to widows/widowers of former Members of Parliament in accordance with the Parliamentary Retirement Allowances Act, 1989.
- 9) Pensions to former Chief Justices and Retired Judges.

⁽¹⁾ The Fiji Social Protection COVID-19 Response and System Development Project has two components. The first component allows for reimbursement of funds which have been paid as cash transfers to the unemployed, underemployed and other social protection programs. Funding drawn from this component is reflected in 'Other Overseas Loans'. The second component allows for direct payments and focuses on strengthening the Fijian social protection delivery system and the relevant policy setting. Funding drawn from this component is reflected in 'Direct Payments - Loans'.

(2) The Fijian Government primarily issues Fiji Infrastructure Bonds in the domestic market. In the 2021-2022 fiscal year, the Fijian Government may issue Green Bonds, Blue Bonds, COVID-19 Response Bonds and Viti Bonds.

⁽³⁾ Government maintains financing within the total borrowing limit. Government may increase its overseas limit simultaneously reducing its domestic limit and vice versa. This provides flexibility and ensures that Government can fully utilise all financing sources available.

Notes:

- (1) The Lending Fund Account reflects the loan balances of entities from which repayments are expected in the 2021-2022 fiscal year. Furthermore, it also reflects the planned changes in balances for these entities for the 2022-2023 financial year and the 2023-2024 financial year.
- (2) Government anticipates to receive \$36,000 in loan repayments for the 2021-2022 financial year from the FRCS PSC Scholarship Recovery. The repayments are expected to continue for the 2022-2023 and the 2023-2024 financial years.
- (3) Government is the principal borrower of loans from the EXIM Bank of China that were on-lent to the Housing Authority and the Public Rental Board amounting to CNY134.3 million and CNY 36.0 million respectively. The principal loan repayments for both facilities commenced in March 2016. Furthermore, the Fijian Government participated in the Debt Service Suspension Initiative (DSSI) rolled out by G20 member countries. Government finalised Debt Suspension Agreements with the EXIM Bank of China in the 2020-2021 fiscalyear. This has created temporary relief to the two entities with deferment of on-lending repayments to Government amounting to \$3.4 million and \$0.9 million respectively.
- (4) Fiji Pine Limited made an advance repayment of \$2.2 million during the 2020-2021 fiscal year resulting in the full settlement of its outstanding loan balance.
- (5) South Pacific Fertilizers Limited commenced principal repayments during the 2020-2021 fiscal year with total repayments amounting to \$0.5 million. Similarly, a sum of \$0.5 million is anticipated to be received from principal loan repayments in the 2021-2022 fiscal year and subsequent years.
- (6) I-Taukei Affairs Board is scheduled to make loan repayments of \$0.3 million annually as per its repayment schedule.
- (7) A sum of \$113.7 million has been budgeted to fund the Tertiary Education Loan Scheme (TELS) in the 2021-2022 fiscal year. On the same note, a sum of \$2.0 million is anticipated to be received as repayment of the loans given in previous periods, mainly from students who have completed their studies.

APPENDIX 1

STANDARD EXPENDITURE GROUPS AND ASSOCIATED ITEMS

1. Established Staff

- 1. Personal Emoluments.
- 2. Fiji National Provident Fund.
- 3. Allowance.
- 4. Recruitment and Gratuities to Expatriate Officers.
- 5. Relieving Staff.
- 6. Fringe Benefit Tax.
- 7. Other.

2. Government Wage Earners

- 1. Wages.
- 2. Fiji National Provident Fund.
- 3. Other.

3. Travel and Communications

- 1. Travel and Subsistence.
- 2. Telecommunications (includes charges related to telephone and other communication services but excludes purchase of equipment).

4. Maintenance and Operations

For vehicles, vessels, buildings and equipment:

- 1. Fuel and Oil.
- 2. Spare Parts and Maintenance.
- 3. Other (includes rations, operating supplies, postage etc).
- 4. Water, Sewerage and Fire Services.
- Power Supply.
- 6. Rental Payment.

5. Purchase of Goods and Services

- 1. Books, Periodicals and Publications.
- 2. Consultants and Experts Fees.
- 3. OHS Expenses.
- 4. Other (may include rations, uniforms, stores, rates, legal expenses, etc).

6. Operating Grants and Transfers

- 1. Grants and Subsides.
- 2. Transfers to Individuals.
- 3. Transfers to Organisation (includes contributions, memberships and association fees).

7. Special Expenditures

- 1. Expenditures unique to a programme or activity, e.g. Conference expenses, Compensation, etc.
- 2. Also includes Cash Grants by respective Donors.

8. Capital Construction

Sub items costed on a project basis for:

- 1. Roads, Airstrips, Jetties.
- 2. Buildings, Schools, Hospitals, etc.
- 3. Other (water supplies, sewerage, irrigation works, land purchase associated with construction, etc).

9. Capital Purchase

- 1. Vehicles-new and replacement.
- 2. Vessels.
- 3. Furniture.
- 4. Machinery (including items of \$10,000 for greater value).
- 5. Major Equipment.

10. Capital Grants and Transfers

Includes any grants and transfers for capital purposes.

13. Value Added Tax
