## APPROPRIATION AUTHORITY, 2019 - 2020

To the Permanent Secretary, Economy

In exercise of the powers conferred upon me by subsection (14 and 15) of Part 4 of the Financial Management Act 2004, I hereby authorise and require you to pay during the year 2019-2020 the sums set forth in the Budget Estimates and the notes and annexes thereto with the exception of the sums specified in the Schedule hereto for which requisitions must be submitted, as they become due in accordance with the provisions of the said Act and all Regulations made or deemed to have been made thereunder, and of all other laws for the time being in force.

And for so doing, this, together with the Accounts, Certificates and Acquittances prescribed in or under the said Act and other laws, shall be your sufficient Warrant and discharge.

Dated at Suva this 26th day of March 2020.

Aiyaz Sayed-Khaiyum

Attorney-General and Minister for Economy, Civil Service and Communications

## NOTES ON THE BUDGET ESTIMATES

1. The Budget Estimates are presented in a programme format. This format aims to give a reasonably accurate estimate of costs of each major activity carried out by the Ministries so that these can be weighed against its importance in the Government's total budget. Each Ministry's expenditures are grouped first into broad **programmes** and then into **activities**. A **programme** is a group of closely related services which contribute to a common objective or set of allied objectives. Primary Education, for instance, represents one programme within the Ministry of Education, Heritage and Arts. **Activities** are the major subdivisions within programmes. Primary Education, to continue the example, is divided into General Administration, Government Primary Schools, non-Government Primary Schools and Special Education.
2. Within each budget activity, expenditures are further divided into ten Standard Expenditure Groups (SEGs). This is a classification by item of expenditure but items are grouped in categories which reflect the economic or administrative purpose of expenditure. (e.g. SEG 6 covers Operating Grants and Transfers and all Established Staff payments are classified in SEG 1). The SEGs and the various kinds of item fitting within each SEG are listed in Appendix 1.
3. For each Ministry and for the budget as a whole, a summary is presented by SEG. SEGs 1 to 7 represent recurrent or operating expenditures whilst SEGs 8 to 10 are expenditures of a capital nature involving assets above a certain minimum value and with an economic life of several years. A summary of the total budget, grouping Ministries into functional categories is also given.
4. The 2018-2019 revised estimates under each Head, Programme, Activity and SEG will differ from the original estimates due to the change in financial year from calendar year to 01 August to 31 July and also due to movement in ministries/programme/activities/items during the year.
5. The COVID-19 Response Budget 2019-2020 show revenue and expenditure for the budget year (on which appropriations are based). As a baseline for future decisions with an impact on expenditure and revenue, projections of revenue and expenditure for two subsequent years (2020-2021 and 2021-2022) are also included in the Estimates.
6. Beside each HEAD SEG Summary, an overview narrating the key deliverables of each ministry is provided.
7. The forward years captures the planned change(s) in the estimates from the budget year. The planned change provides a base on which the Government can determine how much can be spent on new projects each year.
8. The estimates shown under the **aid-in-kind** heading within each activity and in the summary for each Budget head give an approximate indication of aid resources applied by Ministries to various activities outside the financial allocations through the Budget. The estimates of aid-in-kind include contributions of materials, equipment and technical assistance funded directly by Fiji's development partners. All assistance from development partners that go directly to organisations or individuals are not reflected under aid-in-kind. The figures shown are not precise for several reasons. The financial year of development partners often differs from that of Fiji and, in many cases, aid proposals will be finalised during the year. It is emphasised that the figures shown do not represent additional budgetary resources available to the Ministries.
9. Direct Payments are also reflected as part of total expenditure in line with standard classifications. These are payments for foreign financed projects that do not come into Government consolidated accounts. These are mainly for capital works where payments are paid directly by the lender to the contractor(s) undertaking the work.
10. The designation, **R** denotes that provision under the items so marked is under requisition and a warrant signed by the Minister of Economy is required before these funds may be expended. The amount that is indicated beside **R** is under requisition. It does not mean that the amount under requisition **is in addition to** the approved allocation. A number of items in the COVID-19 Response Budget 2019-2020 have been placed under requisition in anticipation of these items being funded through aid. Where the aid involves cash grant; these funds will be released only upon receipt of aid funds into consolidated revenue. In some cases, expenditure has been placed under requisition to permit additional analysis of the proposed expenditure to be undertaken to ensure sound use of the resources.
11. VAT on Aid-in- Kind is included under SEG 10 of Head 50-1-1-10(4).
12. Minor discrepancies between constituent figures and totals are due to rounding.

## OFFICE OF THE PRESIDENT

The Office of the President provides administrative and logistical support to the Head of State, His Excellency the President, in the performance of his official duties. The Office works in accordance with the Constitution of Fiji that will guide in the development of the nation, including the 5-Year and 20-Year National Development Plan.

These duties include: the signing of bills passed by Parliament into law, opening each session of Parliament, attending ceremonial functions, carrying out responsibilities as Commander-in-Chief of the Republic of Fiji Military Forces (RFMF), conducting state visits and maintaining an active community engagement programme.

The President promotes Fiji to the international community by formally receiving and farewelling the appointed Foreign Heads of Missions who are accredited to Fiji, in addition to hosting visiting dignitaries, including Heads of State, Heads of Government and leaders of international organisations. He promotes Fiji by visiting other countries for special occasions, supporting Fiji's strategic foreign policy priorities by cultivating goodwill among the international community.

The Office's operating budget supports the President's constitutional functions, state visits, and community engagements. It also covers the upkeep and maintenance of the presidential properties in Suva, Deuba and Lautoka, and the administration of the Fijian Honours and Awards system, which aims to recognise the efforts of both Fijian citizens and non-citizens who contribute to Fiji's development as a nation.

<b>Programme 1: Policy and Administration</b>
<b>ACTIVITY 1: General Administration</b>

- 1-1-1*

## **OFFICE OF THE PRIME MINISTER**

The Office of the Prime Minister (OPM) assists the Prime Minister in the role of Head of Government and Chairperson of Cabinet by providing administrative and logistical support. The Cabinet Office of the OPM provides Cabinet and the Prime Minister with secretarial support to ensure timely decisions for the effective running of Government.

The OPM also implements a number of programmes, including the development of the mahogany industry, issuance of small grants, and the coordination of donor funding for community development projects (particularly in rural areas and outer islands), and the administration of the Rotuma, Rabi and Kioa Island Councils.

The OPM has authority over the Department of Immigration, which is responsible for managing the flow of people across Fiji's borders. This includes passport issuance for Fijian citizens, the issuance of entry and departure permits, and the processing of applications for citizenship.

Through the ePassport system, the Department has introduced new technologies to improve internal operations and deliver more effective services to the public.

## **OFFICE OF THE ATTORNEY-GENERAL**

The Office of the Attorney-General, under the management of the Solicitor-General, supports the Attorney-General in carrying out the role of chief legal advisor to the Government. The office provides legal advice to Government (and to all holders of public office on request), represents the State in court proceedings to which the State is a party (with the exception of criminal proceedings), drafts laws for Government, maintains the publicly-accessible register of all written laws, and performs any other functions assigned by law, Cabinet or the Attorney-General.

The roles and functions of the Office of the Attorney-General are pivotal to ensuring that Government operates within the law at all times, and that Fiji's laws and legal practices are aligned to the Fijian Constitution, as well as international conventions and best practices.

The Office of the Attorney-General is also responsible for the development and maintenance of Fiji's first online database of consolidated laws, which provides all Fijians with free access to the laws of Fiji on an easy-to-use online platform.

Under the purview of the Office of the Attorney-General, the Department of Civil Aviation is responsible for expanding access to reliable aviation services for the Fijian people by regulating aviation activities in Fiji. The Department is Government's focal point for international civil aviation bodies, and is empowered to negotiate air services agreements with other sovereign governments.

The Department also liaises closely with aviation stakeholders and provides secretariat services to the relevant regulating bodies, including the Civil Aviation Authority of Fiji and the Air Transport Licensing Board.

## MINISTRY OF ECONOMY

The Ministry of Economy is responsible for managing public finances in accordance with the Fijian Constitution and the Financial Management Act 2004.

The Ministry carries out economic and financial forecasting and analyses; manages Government's national budget, debt and financial and physical assets, oversees fiscal policy and tax collection; implements financial management reforms; and ensures that Government can procure the goods and services required to maximise services delivered to the Fijian people. The Ministry through its functional units promotes sound economic management of the Fijian economy through analyses, efficient budgeting and proactive planning. The Ministry's Budget and Planning Division formulates the Government's national budget and coordinates with ministries and departments to ensure effective implementation.

The Fiscal Policy Research and Analysis Division provides sound analysis and advice on appropriate fiscal and taxation policies to be considered in the National Budget. It also prepares supplementary budget documentation and statistics; forecasts Government revenues; monitors Government's financial performance and cash flow trends; assists in the preparation of macroeconomic forecasts; appraises applications for tax incentives and concessions; monitors global developments that could impact the domestic economy; and designs relevant fiscal responses to mitigate potential risks.

The Procurement Division ensures that all procurement of goods, services and works are done in an effective and efficient manner in accordance with the guiding principles of procurement, which sets the foundation on which all government procurement must be carried out. With the aim of moving Government Procurement to a more advanced and digital process, the Ministry launched the e-Tender portal which is an internet based on-line platform where the process from receiving to submitting tender-related information is done online. It has replaced the current paper-based process and will ensure transparency and accountability in the awarding of government tenders. The Ministry's Treasury Division spearheads financial management reform within the public sector to improve overall efficiency and public service delivery.

Climate adaptation has been engrained into every level of Fiji's national development. Through the Climate Change and International Cooperation Division, the Fijian Government coordinates climate-informed development planning, including the coordination of climate finance, development cooperation and the monitoring and evaluation of the Sustainable Development Goals.

The Construction Implementation Unit ensures effective management of capital construction projects and maintenance of government housing and quarters. The Unit has been instrumental in the implementation and rehabilitation of schools and public buildings after severe weather events. The Unit will also administer the Capital Project database, which is a one-stop shop for all information on construction related capital projects, and will capture information on project life cycle while minimising paper use.

The Internal Audit and Good Governance Division is responsible for undertaking the internal audit function for Government. With the aim of strengthening internal controls and good governance, the Division has strengthened its auditing processes, by automating it, and is working towards full compliance with international internal auditing standards.

The Fiji Bureau of Statistics is responsible for statistics production, analysis and publication in a timely and coherent manner. The agency is entrusted to provide official statistics on a wide range of economic, social, population and environmental matters of importance to Fiji to better inform policy and decision making.

The Ministry also oversees the Department of Public Enterprises that implements reform programmes and monitors the performance and operations of public enterprises to increase their efficiency and effectiveness.

## MINISTRY OF iTAUKEI AFFAIRS

The Ministry of iTaukei Affairs is responsible for developing policy solutions and providing services for the good governance and well-being of Fiji's iTaukei people. It is the duty of the Ministry to uphold the rights of iTaukei, as enshrined in the Fijian Constitution, over their land and fishing grounds, and to broker a fair share of royalties from minerals extracted from their land.

Through its work, the Ministry ensures that iTaukei institutions operate with the best interests of all iTaukei in mind and to carry out the Fijian Government's commitment to promoting and preserving iTaukei culture, customs, traditions and language. The Ministry also works to empower iTaukei landowners to make sustainable and productive use of the land so that they raise their standard of living for current and future generations.

For the iTaukei Land Trust Board (iTTLTB), the trustee responsible for the administration of customary land on behalf of all iTaukei landowners, the Ministry provides policy advice and other support, including recommendations to the Prime Minister and Minister of iTaukei Affairs as chairperson of the iTTLTB.

The Ministry is the custodian of various registers that detail iTaukei land ownership, customary fishing grounds, village boundaries and traditional titles, including the *Vola ni Kawa Bula*, known as the VKB. The Ministry continues work on the Demarcation and Surveying of iTaukei Land. As such, the Ministry has the important responsibility of resolving land and traditional title disputes in relation to the management and presentation of records.

The Ministry works in line with other Government sustainable development initiatives to strengthen traditional leadership and preserve iTaukei culture and heritage. This important work requires extensive consultation with the community to develop strategies that address the needs and concerns of the Vanua. This work is driven by the implementation of various targeted projects, including iTaukei Road Shows, Cultural Mapping Programme (CMP) and Leadership Awareness programmes.

## MINISTRY OF DEFENCE AND NATIONAL SECURITY

The Ministry of Defence and National Security is responsible for Fiji's national security, including upholding the country's sovereignty and territorial integrity. The Ministry carries out this responsibility through implementation of Fiji's National Security Strategy and policy oversight of two of Fiji's Discipline Forces, the Republic of Fiji Military Forces (RFMF) and Fiji Police Force (FPF).

The Ministry comprises four divisions: the Corporate Services Division, the Security Forces Division, the National Assessment Division and the Security Division.

The Corporate Service Division provides the Ministry with administrative, financial and logistical support.

The Security Forces Division provides RFMF and FPF with policy support and advice pertaining to defence and security, and oversees Fiji's international obligations related to search and rescue, defence and law and order.

The National Security and Defence Review (NSDR) Secretariat is responsible for crafting sound policies on national security and providing crucial information to the National Security and Defence Council. The Secretariat is also responsible for Fiji's national defence strategy.

The Ministry coordinates national events throughout Fiji, including Fiji Day and Remembrance Day.

## **MINISTRY OF EMPLOYMENT, PRODUCTIVITY AND INDUSTRIAL RELATIONS**

The Ministry of Employment, Productivity and Industrial Relations promotes and advances the rights of workers and employers, and administers and enforces the Employment Relations Promulgation 2007, Health and Safety at Work Act 1997, National Employment Centre Decree 2009 and the Workers Compensation Act (Cap. 94).

The Ministry implements labour reforms aimed at building good-faith relations between workers, employers and Government, and works to boost the nation's productivity. It is responsible for spreading education and awareness of Fijian labour laws in schools and among the general public.

The Ministry is conducting the third review of the National Minimum Wage (NMW) through the NMW Survey. This work aims to improve the living standards and conditions, including informal workers and small business owners.

The Ministry's Strategic Plan promotes the inclusive development of Fiji's labour market, focusing on good governance, social justice, employment growth, gender equality and productivity. Fiji is moving towards establishing its first ever National Productivity Master Plan (2021-2036) as the basis of the review of National Productivity Charter, with the technical assistance of the Asian Productivity Organization (APO).

In alignment with Government's national development target of reducing unemployment rate to below 4%, and to provide greater pathways that provide greater work opportunities for Fijians, the Ministry will continue to support initiatives such as its Job Fair and Schools Employment Exposure Programme (SEEP). The Ministry will also continue to monitor and review its performance, advance its labour reforms, enhance compliance across the 10 Sectorial based wages, invest in research and cultivate new business opportunities.

The Ministry will also continue to engage with the New Zealand and Australian Governments for seasonal work opportunities that enable unemployed Fijians a chance to earn an income and obtain skills that will contribute to their own development and that of Fijian communities they call home. The introduction of the Pacific Labour Scheme (PLS), in partnership with the Australian Government, has further provided the prospect for semi-skilled Fijian citizens to work for durations of one to three years.

## **MINISTRY OF FOREIGN AFFAIRS**

The Ministry of Foreign Affairs is responsible for implementing Fiji's foreign policy by maintaining and strengthening Fiji's diplomatic relations, building bridges of cooperation with development partners, and growing trade with other nations.

Fiji has established formal diplomatic relations with 182 countries and maintains 15 overseas missions (and one roving ambassador in Fiji). Over the past 49 years of evolution as an independent democratic nation, Fiji has showcased its capability to lead the world on critical issues confronting humanity, from climate change to oceans sustainability and the protection of human rights.

Through multilateral institutions such as Pacific Islands Development Forum (PIDF) and Melanesian Spearhead Group (MSG), Fiji will continue to strengthen its leadership role in the region, working with its neighbours to resolve the great challenges Pacific island countries face to develop their economies and improve the lives of their people.

The Ministry also provides consular services to Fijians living overseas and helps coordinate high-level meetings and visits to Fiji, including conferences hosted on our shores.

## INDEPENDENT BODIES

Fiji's Independent Bodies operate autonomously from any other office and along with independent commissions, make up the system of checks and balances that upholds the rule of law, ensures representative government and provides external oversight to secure and maintain a transparent and accountable Government.

These Independent Bodies are: Office of the Auditor General (OAG); Fijian Elections Office (FEO); the Judiciary; the Parliament; Office of the Director of Public Prosecutions (DPP); and the Media Industry Development Authority (MIDA).

The Office of the Auditor-General is an independent office established under Section 151 of the Fijian Constitution where the Auditor-General is required to audit and report to Parliament on the public accounts of the State, the control of public money and public property and all transactions with or concerning public money or public property.

The Fijian Elections Office is responsible for the independent preparation work and conduct of national elections for Parliament every four years and any other election assigned under law.

Section 97 of the Fijian Constitution vests the judicial authority of the State in Fiji's courts to resolve disputes and uphold the rule of law, subject only to the Constitution and the law. Parliament must also ensure that the courts have adequate resources to perform its functions and exercise its powers properly.

Section 46 of the Fijian Constitution stipulates that the authority and power to make laws for the State is vested in Parliament. Parliament is the voice of the Fijian people, and it is responsible for ensuring a representative Government, openly debating relevant issues and providing oversight of Government activities.

The Office of the Director of Public Prosecutions is an independent office established under the Constitution to institute and conduct criminal court proceedings in Fiji.

The Media Industry Development Authority is an independent body established under the Media Industry Development Act 2010, and its functions include the encouragement, promotion and facilitation of the development of media organisations and media services in Fiji. It also ensures that media services in Fiji are maintained at a high standard in all respects, including quality, balance and fair judgement.

## INDEPENDENT COMMISSIONS

Fiji's independent commissions serve the Fijian people in specialised areas where objective, technical judgment is essential.

The **Constitutional Offices Commission** is responsible for providing advice to the President for the appointment of constitutional offices.

The **Fiji Independent Commission Against Corruption (FICAC)** is responsible for investigating and prosecuting alleged corruption and bribery offences. FICAC is also responsible for examining the practices and procedures of public bodies in order to eliminate corrupt practices and carries out public awareness to educate communities about the dangers of corruption.

The **Public Service Commission** is responsible for setting consistent service standards across the Fijian civil service by enforcing guidelines and administering the Procedural Review Process and Performance Assessment Framework for Permanent Secretaries.

The **Accident Compensation Commission of Fiji** administers a no-fault compensation scheme for injuries and deaths from motor vehicle, employment and school accidents, with the option of either receiving compensation or pursuing claims through legal proceedings

The **Legal Aid Commission** provides free legal services to Fijians that cannot afford them. It continues to expand and extend its services around the country with branches in rural and remote areas including islands thus enabling greater access to justice for all Fijians.

The **Online Safety Commission** gives Fijians a space to resolve concerns and complaints with respect to electronic communications. The Commission seeks to promote responsible online behaviour and online safety.

The **Electoral Commission** is a non-partisan authority that has responsibility for the registration of voters and the conduct of free and fair elections in accordance with the written law governing elections.

The **Fijian Competition and Consumer Commission** promotes competition, fair trading, consumer protection, determines prices in markets where competition is lessened or limited, and regulates monopolistic market situations including essential infrastructure and services for the benefit of all Fijians through enforcement and market compliance. The Commission has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

## **MINISTRY OF DISASTER MANAGEMENT AND METEOROLOGICAL SERVICES**

The Ministry of Disaster Management and Meteorological Services coordinates and integrates services that support disaster preparedness, response and recovery.

Due to the effects of climate change, weather events are anticipated to become stronger and more destructive. In light of this crisis, the Ministry will work more seamlessly to coordinate emergency response operations in the aftermath of a disaster, and work to improve Fiji's resilience to natural disasters and the other severe effects of climate change.

The recently endorsed National Disaster Risk Reduction Policy spearheads Government's initiative in mainstreaming disaster risk reduction across all sectors, striving to holistically coordinate all development initiatives. The Policy actively promotes mainstreaming climate change adaptation and disaster risk reduction in all national policies, strategies, plans, laws and programmes of all relevant sectors; considering climate change scenarios and the impacts of disaster risks.

Under the meteorology and hydrology portfolio, the Ministry will provide timely and reliable weather, hydrology and climate information directly to the public to improve overall preparedness prior to a disaster.

## MINISTRY OF JUSTICE

The Ministry of Justice is responsible for the administration of law and justice in Fiji. The Ministry delivers judicial services through registries established by law to maintain official records of legal documents. These registries register companies, businesses, credit unions, money lenders, justices of the peace, titles, deeds, births, deaths and marriages.

The Ministry expanded the provision of births, deaths and marriages services in order to improve access for all Fijians by decentralizing services through the establishment of 14 Births, Deaths and Marriages offices throughout Fiji.

The Registrar of Companies is engaged with the digital transformation project to allow members of the public to register Fijian business online for the first time, greatly streamlining the establishment of new Fijian enterprises. The Office of the Registrar of Companies registers companies, business names, credit unions and money lenders. The Office of the Registrar of Titles registers land titles and deeds documents, whilst the Office of the Registrar-General registers births, deaths and marriages.

The Office of the Official Receiver is responsible for the administration of the winding-up of companies and bankruptcy matters, whereas the Office of the Administrator General oversees the registries and is also responsible for the administration of the Justice of the Peace.

The Ministry is currently in transition period and the Registrar of Companies is engaged with the Singapore Cooperation Enterprise to initiate the online business registration. This initiative will allow members of the public to register business online and allow the public to lodge an application from the comfort of their home. In addition, the Ministry has also launched the Birth Mobile Application through the Digital Government Transformation Programme.

The Registrar of Titles Office has also undertaken Business Performance Review through the Singapore Corporation Enterprise, which has streamlined their business processes by streamlining the processing time of documents to 1 week from 2 – 3 months.

## **FIJI CORRECTIONS SERVICE**

The Fiji Corrections Service (FCS) is responsible for safely detaining and rehabilitating persons sentenced to a term of imprisonment or placed on remand pending trial by the courts at its correctional centers.

FCS is committed to meeting international standards and best practices, including compliance with all human rights obligations for the treatment of inmates. To strengthen the justice system as outlined in the 5-Year and 20-Year National Development Plan, the Department is in the midst of a number of capital construction projects and a modernisation programme, leveraging technology to improve the operations of its correctional centres and improve the quality of its rehabilitation works.

FCS is committed to meeting international standards and best practices and ensuring compliance with all human rights obligations for the humane treatment of inmates.

FCS upholds Government's obligation to meet international standards and best practices in its custody of inmates. One of its main responsibilities is to reduce overcrowding in correctional centers to ensure that the human dignity of all inmates is respected. To meet this responsibility, the FCS will continue with the construction of additional remand centers in major population centers throughout the country.

Faced with an evolving correctional landscape in Fiji, FCS is focused on addressing issues that arise from a growing prison population, including an increase in mental health issues among inmates, the health and welfare of corrections personnel and ongoing improvements to facilities, operations and services.

FCS will continue with its Rehabilitation Programme and Yellow Ribbon Project, which together reintegrate inmates into society upon their release, allowing them to live productive lives and reducing recidivism rates.

## MINISTRY OF COMMUNICATIONS

The Ministry of Communications is responsible for keeping Fijians connected both to each other and to the outside world by ensuring the provision of efficient, competitive, cost-effective and accessible telecommunication.

The Ministry engages with the general public over radio, television, print and online mediums to keep the Fijian people updated on Government's plans and policies, and to promptly alert the public of important information relating to public safety and security.

The Ministry comprises the Department of Information, Department of Communications and the Information Technology and Computing Services (ITC).

The Ministry is spearheading the digital - FIJI Programme, a digital Government transformation initiative which optimises and digitalises key Government services through the release of software and mobile applications to dramatically increase accessibility of Government services.

Walesi, which is a wholly owned Government company is Fiji's first and only terrestrial and satellite digital television platform, and it ensures that all Fijians have access to broadcast television, irrespective of where they live in Fiji. Walesi is also available on smartphones through the Walesi App, the most widely-downloaded entertainment application in Fiji. In addition to digital television, Walesi also offers free wireless internet hotspot access across 16 public areas throughout all Towns and Cities, as well as 26 sites throughout all Fiji National University campuses.

The Ministry manages the entire government ICT network and infrastructure. The Ministry is currently undertaking a significant investment to set up a secondary site for IT Disaster Recovery which, in the event of disaster, will allow for the switch over and recovery of critical IT systems from the Government Data Centre. The investment will also facilitate the upgrade of equipment, resulting in secure, reliable and efficient Government network infrastructure to better serve Fijians.

## MINISTRY OF CIVIL SERVICE

To improve the overall standard of performance among Government workers, the Ministry of Civil Service provides various training and career development opportunities that are open to all civil servants, including courses on leadership, governance, project management and human resources.

The Ministry has six main divisions: the Public Service Commission (PSC) Secretariat is responsible for providing administrative and analytical support to the PSC and for administration of the Permanent Secretaries terms and conditions of service; the Policy Analysis Division is responsible for the analyses and assessment of ministries' human resource policies to ensure consistency and fairness across the civil service; the Training Division, which is responsible for coordinating local and international central training programmes which focus on the upskilling and capacity-building of civil servants; the Business Management Division is responsible for financial management, procurement and contracting advice including the management of the Customer Care Call Centre and the Government Service Centre; and the Major Events Division coordinates and provides advice on the organisational aspects of major international meetings on behalf of the Government.

The Ministry will continue to foster a more efficient, productive and merit-based service that will be coordinated through the Civil Service Coordination Implementation Unit (CSCIU).

Also, in collaboration with the Ministry of Health and Medical Services, the Ministry manages the customer feedback call centre (Toll Free number 157) which has streamlined the handling of health-services related complaints. The Ministry has also launched a similar call centre for the Ministry of Employment, Productivity and Industrial Relations to take on employment-related complaints (Toll Free number 1535).

## **MINISTRY OF RURAL AND MARITIME DEVELOPMENT**

The Ministry of Rural and Maritime Development is responsible for implementing development strategies that bring Fijians living in rural and maritime regions the same level of access to essential services and economic opportunities as anywhere else in the country.

Rural development is a key national priority and the Ministry is mandated to implement a wide-range of socioeconomic activities to support Government's domestic goals of growing the economy and raising the living standards.

The Ministry continues to generate economic growth in remote areas by expanding rural infrastructure and uplifting and empowering individuals and communities. Funded capital work programmes include Self Help Programmes (SHP), Community Access Roads, Footpaths and Footbridges (CARFF) and Public Sector Investment Programmes (PSIP). Provision of basic infrastructure such as proper drinking water and adequate sanitation system will be prioritised under the Self Help Programmes. These two basic necessities are guaranteed under the Constitution on the right of every Fijian to access clean and safe water in adequate quantities, and accessible to adequate sanitation facilities.

The Ministry's hands-on outreach includes the registration of births, deaths and marriages, the issuance of licenses and the collection of licenses and permit fees and arrears of revenue. These services are provided at all divisional and district offices throughout Fiji.

The Ministry is also responsible for the appointment of District Advisory Councils and Provincial Development Boards.

## **REPUBLIC OF FIJI MILITARY FORCES**

The Republic of Fiji Military Forces (RFMF) is responsible for maintaining the security and defence of Fiji and the Fijian people, employing the latest technologies and defence strategies to address emerging security threats, and supporting the international community to reduce conflict and forge peaceful solutions around the world.

The Fijian Government supports RFMF in developing a capable military force by investing in training, modern equipment and facilities, and maintaining their critical role in international peacekeeping missions through the United Nations.

RFMF also implements a number of projects and programmes in rural and maritime regions in Fiji. As part of its contribution to the wellbeing of the Fijian people, RFMF's Engineering Corps carries out an extensive range of development projects across the country that improves the living conditions of ordinary Fijians.

RFMF's Naval Division provides surveillance in Fiji's 1.3 million square kilometres of Exclusive Economic Zone and is also responsible for overseeing maritime search and rescue missions, operating of the Suva Radio 3DP coastal radio station, conducting hydrographic surveys, and providing hydrographic services to mariners who traverse Fiji waters. These mandatory services that Fiji must undertake as a responsible coastal state in order to fulfil its international obligations under various international conventions, including the United Nations Convention on the Law of the Sea.

The budget allocation for RFMF is strategically geared towards transforming RFMF through technical capacity and capability enhancements across all units, ensuring a more vibrant and modern Military Force.

This Department has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

## **FIJI POLICE FORCE**

The Fiji Police Force is responsible for maintaining law and order in Fiji by employing best practices in police work and using modern technologies and innovative strategies to prevent criminal activity.

The Force will continue to harness collaboration and partners with other Government ministries, relevant stakeholders and the community in order to promote national security and maintain the rule of law.

The Force engages in a wide range of activities to maintain professional personnel that are well-trained and well-equipped to handle an evolving criminal landscape. Facing the challenges of a rapidly-modernising society, the Force is seeking out and integrating new technologies to help fight crimes of increasing levels of sophistication.

To adapt to Fiji's evolving criminal landscape, the Force is increasingly focussed on preventing cybercrimes and combatting the distribution and use of illegal drugs. Concurrently, in order to reform itself to better address these emerging threats, the Force will undergo a major human resource and infrastructure restructure programme, which is to be phased over a five-year period.

The Force is expanding the reach of its services through the construction of new facilities and outposts, and aims to improve response times and investigative effectiveness by procuring new specialised equipment, including vehicles, communication equipment and forensic science tools. It is also actively working to enhance its operational capabilities to better serve Fiji's many maritime communities.

The Force has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

## **MINISTRY OF EDUCATION, HERITAGE AND ARTS**

The Fijian Government upholds education as the most effective means to sustaining long-term growth for the economy, enriching society, and advancing the upward mobility of the Fijian people.

The Ministry of Education, Heritage and Arts is responsible for building a knowledge-based society by ensuring that Fiji's young people have equitable access to high quality education at all levels.

The Ministry is currently undergoing an organisational restructure that will streamline its systems and strengthen its capacity to more effectively respond to the current needs of the sector. Further, this ongoing structural modernisation will provide strategic oversight for mapping out the long-term development of Fiji's education system, allowing the Ministry to adapt to the demands of rapid technological advances and globalisation.

Government loans and scholarships will continue for tertiary students with adjustments to ensure the schemes encourage personal accountability, while still fitting the needs of Fijian students and recent graduates. Existing initiatives that support inclusive access to education will continue, such as Free Education Year 1 – Year 13, Tuition Grants for TVET; Early Childhood Care & Education (ECCE), Transport Assistance and the Distribution of Textbooks.

The Ministry's operating budget has increased to fund salaries to support teachers in their efforts to continuously provide high quality education at all levels. Furthermore, the capital budget will continue to facilitate the ongoing construction works for major projects that is expected to be completed by the end of the financial year.

**MINISTRY OF EDUCATION, HERITAGE AND ARTS**

<b>Programme 1: Policy and Administration</b>
---

<b>ACTIVITY 1: General Administration</b>
---

- 21-1-1
- 1. Personal Emoluments (\$27,898,959); FNPf (\$1,501,051); Allowances (\$51,483); Relieving Staff (\$197,169); Repatriation/Relocation Allowances (\$35,000); Fringe Benefit Tax (\$15,000); Teacher In-Service Training (\$200,000).
  - 2. Wages (\$814,881); FNPf (\$62,420); Relieving Staff (\$10,000).
  - 3. Travel (\$35,300); Subsistence (\$60,000); Telecommunication (\$130,000).
  - 4. Vehicle: Fuel and Oil (\$180,000); Spare Parts and Maintenance (\$15,000); Maintenance of Office Equipment (\$20,949); Power Supply (\$350,000); Stationery and Printing (\$20,000); Advertising (\$25,000); Water, Sewerage and Fire Services (\$50,000); Courier/Mail Expenses (\$15,000).
  - 5. Goods and Services (\$488,881); Directory Expense (\$7,000); National Training and Productivity Centre Levy (\$131,560).
  - 6. Contribution to UNESCO (\$30,000); National Substance Abuse Advisory Council (\$668,839); Fiji Higher Education Commission (\$690,000); Fiji Teachers Registration Authority (\$379,016); Language Policy (\$10,000); Bus Fare Assistance (\$20,000,000); Tertiary Scholarships and Loans Board (\$1,645,887).
  - 7. Refund of Fees (\$5,000); Renewal of Lease Premiums (\$50,000); Distance Learning Centre (\$40,000); Seminar/Workshop/Conference (\$87,500); Leadership and Training of Teachers (\$150,000); Commonwealth of Learning (\$150,000); Education Forum (\$50,000); School Farm Competition (\$20,000).
  - 8. Upgrade and Maintenance of Institutional Offices (\$33,670); Upgrade and Maintenance of Government Schools (\$17,200); Construction of New Facilities for Government Schools (\$1,690,000); Teachers Quarters for Government Schools (\$410,323); Teachers Quarters for Non-Government Schools (\$203,645) - **All under R.**
  - 9. Boat and Outboard Motor Engine for Schools (\$116,913); Purchase of Furniture and Fitting for Schools (\$256,375) - **R.**
  - 10. Completion of New Bau College (\$2,500,000); Upgrade for Non-Government Schools (\$200,000) - **All under R.**

*Aid-in-Kind:* Access to Quality Education Programme (DFAT) (\$7,614,986); Australia Pacific Technical College (DFAT) (\$18,372,262); Child Protection Programme (UNICEF) (\$20,000); Volunteer Scheme (JICA) (\$799,435); Fiji Higher Education Improvement Programme 2016-2021 (NZMAT) (\$1,802,265).

<b>Programme 1: Policy and Administration</b>
---

<b>ACTIVITY 2: Library Services</b>
-------------------------------------

- 21-1-2
- 1. Personal Emoluments (\$455,599); FNPf (\$35,607).
  - 2. Wages (\$169,817); FNPf (\$12,354); Overtime (\$5,000).
  - 3. Travel (\$3,000); Subsistence (\$7,000); Telecommunication (\$10,000).
  - 4. Spare Parts and Maintenance (\$4,000); Stationery and Printing (\$5,000); Power Supply (\$10,000).
  - 5. Books, Periodicals and Publications (\$87,000); Primary and Secondary School Library Scheme (\$426,701); Training and Community Development (\$10,000); Library Software License and Database (\$113,000); Training and Capacity Building (\$13,130).

## MINISTRY OF HEALTH AND MEDICAL SERVICES

Government is responsible to ensure that all Fijians have access to needed health services (including prevention, promotion, treatment, rehabilitation and palliative) of sufficient quality and also ensuring that the use of these services are free or does not expose to any financial hardship. The Ministry of Health and Medical Services is tasked with achieving Government's vision to ensure that all Fijians are well covered in the primary, secondary and tertiary levels of healthcare service delivery.

The Ministry has been supported with a suite of healthcare funding based on the global, regional and national health priorities to improve access and to empower Fijian people to take ownership, be responsive and proactive about their own health and wellbeing. Better health is central to human happiness and well-being. It also makes an important contribution to economic progress, as healthy populations live longer, are more productive and save more.

To meet today's demand in health services throughout Fiji, the Ministry is constructing, upgrading and refurbishing divisional and sub-divisional hospitals, health centres and nursing stations. This includes major facilities such as the extension of the CWM Hospital Maternity Unit and completion of New Navosa Sub-Divisional Hospital. The Ministry will also ensure that medicinal products and upgraded medical equipment are procured to support both ongoing and new developments for effective service delivery.

In light of COVID-19 impact globally, the Fijian Government is taking vast measures to ensure that the virus is contained. This Ministry has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

To deliver on this important responsibility, the Ministry of Health and Medical Services has developed, and is now implementing, a COVID-19 Preparedness and Response Plan. Implementation of this Plan requires significant funding which will go towards administrative support (including the establishment of an Incident Management Team), public health messaging, ramping up of Fiji's Intensive Care Unit (ICU) capacity and new operational facilities (including community quarantine facilities and fever clinics).

## **MINISTRY OF HOUSING AND COMMUNITY DEVELOPMENT**

A thriving Fijian economy and an increased demand for skilled labour have incentivised more Fijians to flock to urban centres to seek employment and raise their families. In effect, this rapid urban growth has increased the demand for quality and reasonable housing at affordable prices. However, the internal migration has put increasing pressure on urban centres, their infrastructure, and their surrounding environment - challenges that are being addressed by Government through targeted investment and thoughtful development planning.

The Ministry of Housing and Community Development is committed to progressively achieve accessible and adequate housing to help more Fijian families own their homes.

The ministry will give more focus to organizational strengthening whilst continuing to deliver results on the existing and new development programmes. The establishment of the Ministry's new office and additional staffing will further improve the quality and delivery of services to meet today's high demand in the housing spectrum.

The Ministry will continue to work closely with the Reserve Bank of Fiji and financial institutions to give homeowners the opportunity to finance the purchase or construction of new homes at discounted rates of interest. To expeditiously increase the supply of affordable housing in Fiji, the Ministry will also engage with all stakeholders, including construction companies, with the ambition to reduce the construction costs of homes by harnessing new technologies. The Ministry will also work with development partners, including the private sector, to introduce innovative new strategies employed in other parts of the world to successfully meet increasing demands for home ownership.

The Ministry will also continue the important work around the country to provide security of tenure to Fijians residing in informal settlements, bringing the stability and peace of mind of long-term land ownership to more Fijian families. The social housing assistance for rural and maritime regions on a cost sharing basis will continue to contribute towards improving housing standards in these areas.

## **MINISTRY OF WOMEN, CHILDREN AND POVERTY ALLEVIATION**

The Ministry of Women, Children and Poverty Alleviation oversees national policies and programmes that works to ensure that Fiji's most vulnerable groups are cared for and included in our ongoing national prosperity.

The Ministry of Women, Children and Poverty Alleviation is responsible for providing services and administering programmes that protect those who are most vulnerable, and work to reduce poverty in Fiji to negligible levels. The Ministry's work provides a social safety net that uplifts groups that are disadvantaged on the basis of gender, age, disability and economic standing and this is reflected in the increased revised budget.

The Ministry has authority over the Department of Social Welfare, Department of Women and the Poverty Monitoring Unit.

The Department of Social Welfare administers Fiji's basket of social welfare programmes, which include the Poverty Benefit Scheme, the Child Protection Allowance, the Food Voucher Program, the Social Pension Scheme and the Bus Fare Subsidy for the elderly and people living with disabilities. The Department will undertake a review on the social protection programmes systems and processes to ensure that this assistance is well-targeted and administered in a transparent and accountable manner. The Department is equally committed to ensuring that these programmes do not create a culture of dependency, focusing efforts and energy on graduating individuals and families from "welfare to workfare".

The Department also has the statutory responsibility to ensure the protection and wellbeing of children, which includes the management of juvenile centres. Strengthening protective environments for children at the Government, community and family levels is part of this key strategy. This includes raising awareness at the community level, developing life skills education for children, reviewing legislation affecting children, and providing child-friendly services to the general public.

The Ministry also works to promote gender equality and women's empowerment by mainstreaming the participation of women and girls in Fiji's socioeconomic development; a mission that is driven by the implementation of the National Gender Policy and the Women's Plan of Action to better promote gender equality. The Department of Women works with other ministries and various local, regional and international NGOs to ensure that gender perspectives are addressed in all Government policies and initiatives.

The Ministry also works to ensure the protection care and empowerment of older persons by providing safer, more respectful, and more inclusive service and protection of the rights of older persons. This will include the development of legislation and review of the National Aging Policy.

## MINISTRY OF YOUTH AND SPORTS

The Ministry of Youth and Sports is assigned with both promoting Fiji's young people and fostering the nation's athletic potential — two distinct, yet overlapping, tasks. Government recognises this inextricable link, rooted in the formative role that sports play in shaping Fijian youth, instilling them with values and promoting a healthy, active lifestyle.

Given Fiji's young population, the Ministry carries the responsibility of harnessing and channelling the untapped raw potential of Fiji's young people and releasing them into productive areas of society where they can make a difference. This involves providing training to develop both soft and hard skills, encouraging networking, mentoring, providing opportunities to build leadership skills through local level implementation, and promoting entrepreneurship and innovation. By doing so, Government is enabling Fiji's next generation of leaders — an investment of developing the youth of today to improve Fijian communities of the future.

In order to strengthen Government's ability to implement youth-focussed policies, there will be a review and re-package of youth development programmes to centralise Government's key functions in youth empowerment. To reduce unnecessary overlap a number of policies previously run by other ministries and departments will now fall under the Ministry.

The Ministry will continue to offer training to youths through five Youth Training Centres around the country, along with mobile and semi-skill training in rural and urban areas. The training is run in close cooperation with other ministries, particularly the Ministries of Agriculture, Fisheries, Forests, Health, Police and iTaukei Affairs. The training is aimed at empowering young people to be productive members of the community and equipping them with the knowledge and skills to venture into specific income-earning opportunities. Government will continue to support these Youth Training Centres.

The Ministry also drives sporting development in Fiji to encourage healthy lifestyle choices among Fijians of all ages, in addition to maintaining and building Fiji's position as the Pacific hub for athletic competition. The Ministry's work falls within the framework of a number of existing policies that govern national sporting development.

In line with Government's goals of both creating a healthier society and bolstering the nation's sports tourism capabilities, the Ministry's Sports Development Unit is charged with the advancement of Fijian athletic facilities and development of sports policies. The Ministry will continue to invest in building and upgrading Fiji's sporting infrastructure, particularly in rural areas. This includes upgrading rural sports fields in various schools and rural sports complexes in identified regional hubs. The Ministry will work closely with the National Sports Commission to develop a system that nurtures sportspeople at all levels, from beginner to elite. This includes formulating incentives for the private sector to support the development of sports in Fiji.

## **HIGHER EDUCATION INSTITUTIONS**

As part of its record-setting investment in Fiji's education system, Government provides operational grants funding to a number of the nation's tertiary institutions. This funding aims to boost the competitiveness of the Fijian workforce over the medium- to long-term by giving our students access to high quality education and professional training. By doing so, more Fijians will be armed with the skills to meet the employment demands of a rapidly-evolving and dynamic economy.

Specifically, Government is assisting Fiji's tertiary institutions to develop coursework in fields that will help fill careers aligned with our national development needs. This forward-thinking approach is an investment in the economy of tomorrow; as more Fijian students fill the nation's tertiary classrooms, new career paths in modern industries will await them upon their graduation. These grants complement Government's dramatic increase in funding for the National Toppers Scheme (NTS) and the Tertiary Education Loans Scheme (TELS).

Grants are administered by the Fiji Higher Education Commission and are only available to fully-accredited institutions that have charitable trust status.

## **MINISTRY OF AGRICULTURE**

The Ministry of Agriculture's 5-Year Strategic Development Plan ('SDP') 2019-2023 envisions a competitive, sustainable and a resilient Agriculture sector. The Ministry of Agriculture is responsible for regulating and delivering a demand driven Agriculture Sector that offers opportunities through sustainable farming practices.

The Ministry of Agriculture's five year plan is grounded on five strategic priorities that should enable the Ministry to achieve its outcome;

- Improve Food and Nutrition Security for all Fijians - Access to adequate food of acceptable quality and nutritional value;
- Increase Farmer Household income for Sustainable Livelihood - Creating a strong viable Agriculture Sector that empowers all Fijians;
- Improve the adoption of Sustainable Resource Management and Climate Smart Agriculture – Supporting Agriculture Development that is smart for the climate, and smart for the economy;
- Establish and Improve Commercial Agriculture - Accelerating the transition to Commercial Agriculture; and
- Improve Quality Public Sector Performance and Service Delivery - Commitment to deliver the best Agriculture Services for all Fijians.

The Ministry further places an emphasis on attracting investors through short and long term investment packages and will continue to work towards gaining support from landowners to partner with investors towards Commercial Agriculture. On the other hand, the Ministry is equally responsible in encouraging locals to see agriculture as a viable business that can provide a source of income and sustainable livelihood.

The Ministry will ensure acceleration of process for transitioning small holder farmers to commercial level through constant farming assistance, regular capacity building and working with financial institutions to ensure awareness on financial literacy for growers. In addition, the Ministry will ensure that all programs aligned to these outcomes are successfully implemented.

In collaboration with established institutions and the private sector, the Ministry strengthens demand driven research activities including progressive research on best farm practices for farmers to improve food and nutrition security. New research programs include embryo transfer, new crop technology, commodity value addition and development of breeding plans and resilient varieties.

Furthermore, on-going program initiatives, improved technologies and packages of practices in research and development, participation of youth and women in Agriculture, establishing strong information system and processes to expedite service delivery seek to strengthen the sectors production base as the Ministry continues to respond to these challenges and opportunities.

This Ministry has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

## MINISTRY OF AGRICULTURE

<b>Programme 1: Policy and Administration</b>

## **MINISTRY OF FISHERIES**

The Ministry of Fisheries is mandated to protect, sustain and manage Fiji's fisheries, the nation's second-leading primary-resource-based sector.

Striving to set the best industrial standard in the Pacific region, the Ministry will continue to actively implement its strategies in the three key focal areas – offshore fisheries, coastal fisheries and aquaculture. The Ministry will develop fit for purpose legislative framework, enforce compliance, review the offshore and coastal licensing system, provides advisory and support services, and conducts appropriate research and marine conservation activities.

Through its Quality Strategy, the Ministry operates a nationwide service centre network ensuring quality and excellence is embedded in processes, service delivery and its people. This service centre network implements key programmes, projects and activities, connecting the industry to the community and its development partners. It works diligently to balance the cultural significance of fishing and the economic development of the fisheries sector, while also ensuring that Fiji meets our national, regional and international obligations to protecting marine resources.

The Ministry's efforts to achieving a sustainable blue economy remains steadfast. It will continue to incorporate climate resilience and adaptation efforts through practical and viable adaptation solutions – for the benefit of individual fisheries businesses, the sector, and the communities it serves. These efforts include combatting illegal, national and unregulated fishing, fisheries sector trade subsidies, maximising resource rent, building Fiji's food security, harnessing the full potential of Fiji's aquaculture and inshore industries through import substitution and diversification, blue carbon trading; marine biodiversity conservation and disaster management.

## MINISTRY OF FISHERIES

<b>Programme 2: Fisheries</b>
-------------------------------

<b>ACTIVITY 1: General Administration</b>
---

- 31-2-1
- 1. Personal Emoluments (\$507,099); FNPF (\$40,958); Sea - Going Allowances (\$23,319); Allowances (\$23,408).
  - 2. Wages (\$166,107); FNPF (\$13,257); Allowances (\$7,000).
  - 3. Travel (\$19,200); Subsistence (\$19,400); Telecommunication (\$18,000).
  - 4. Fuel and Oil (\$25,000); Vehicles: Spare Parts and Maintenance (\$12,800); Office Equipment (\$15,000); Water, Sewerage and Fire Services (\$38,000); Stationery (\$7,100); Protective Clothing (\$4,000).
  - 5. Books, Periodicals and Publications (\$6,830); Annual Report (\$1,778); Rations (\$5,000); Directory Expenses (\$7,000).
  - 7. Feasibility Study - Compliance and Enforcement (\$200,000).

<b>Programme 2: Fisheries</b>
-------------------------------

<b>ACTIVITY 2: Offshore Fisheries</b>
---------------------------------------

- 31-2-2
- 1. Personal Emoluments (\$1,170,320); FNPF (\$94,526); Allowances (\$16,000); Sea-Going Allowances - National Observers Programme (\$200,000); Sea-Going Allowances - Regional Observers Programme (\$260,000).
  - 2. Wages (\$10,340); FNPF (\$825); Allowances (\$2,000).
  - 3. Travel (\$48,231); Subsistence (\$72,722); Telecommunication (\$21,300).
  - 4. Vehicles: Fuel and Oil (\$43,000); Vehicles: Spare Parts and Maintenance (\$8,000); Office Equipment: Spare Parts and Maintenance (\$30,149); Vessels: Fuel and Oil (\$20,000); Vessels: Spare Parts and Maintenance (\$23,213); Stationery and Printing (\$14,282); Protective Clothing (\$20,000).
  - 5. Books, Periodicals and Publications (\$4,178); Training Expenses (\$25,000).

*Aid-in-Kind:* Developing Sustainable and Responsible Tuna Longline Fisheries in Fiji (NZMFAT) (\$662,795).

## MINISTRY OF FORESTS

In continuing Fiji's global and local efforts to address the causes and impacts of climate change, the role of forests in regulating climate and sustaining biodiversity whilst meaningfully contributing to Fiji's socio-economic development will increasingly become extremely important.

The sustainable development and management of Fiji's forest resources is at the heart of the Ministry of Forest's strategic direction, which is captured in its 13-Year Strategic Development Plan and cascaded into its Annual Operational Plan. These plans are aligned to Fiji's 5-Year and 20-Year National Development Plan and the United Nations Sustainable Development Goals, in addition to Fiji's commitments to various international conventions.

The strategic and annual operational plans are geared towards achieving four strategic objectives which include establishing sustainable life cycle management of forest resources; improving the socio-economic impact of forests; enhancing Fiji's contribution to the global environment; and substantially improving the Ministry's service delivery.

The Revised 2019-2020 Budget will build and focus on the Ministry's efforts towards achieving the afore-mentioned goals. Specifically, the Revised Budget will enable the Ministry to continue its efforts towards planting a target of two million trees annually - a new national initiative that Government introduced in November 2018. The initiative is aimed at reducing soil erosion and siltation while offsetting some of our carbon output. It is also aimed at developing greener towns and cities, and maintaining and protecting our forests and pristine natural environment.

The Revised Budget will also enable the Ministry to focus on the transparency and fairness in issuance of forest harvesting licenses, and in providing efficient and effective extension support services to our stakeholders, whilst bringing the Fijian people into fuller and more active participation in socio-economic development at all levels. The forestry sector currently contributes around 0.6 percent to the Gross Domestic Product. The Ministry intends to facilitate the gradual increase of the sector's contribution whilst balancing its focus on protecting Fiji's natural resources and biodiversity through sustainable forest management.

## **MINISTRY OF LANDS AND MINERAL RESOURCES**

The Ministry of Lands and Mineral Resources is responsible for policy formulation, monitoring and implementation of programmes in the areas governing Fiji's state land administration, its mineral sector, and its groundwater resources — all of which play a distinct role in Fiji's economy.

Within the Ministry, the Department of Lands & Survey is responsible for the effective and efficient administration, development and management of all State land in Fiji. Services that fall under the Department's purview include the administration of State leases; land surveying; mapping; land valuation; geospatial information systems; survey plan examination and approval; the development and maintenance of State land; and the licensing of river gravel and sand extraction.

The Department also manages the Land Use Unit, which coordinates the implementation of Government's land reform initiatives. The Unit aims to improve socioeconomic growth while striking a balance between landowners and tenants, ensuring both fair returns that reflect current market conditions and a more secure, predictable leasing environment. The governance of State land is provided under the provisions of the State Lands Act, Property Law Act, Lands Sales Act, Land Transfer Act and Agricultural Landlord and Tenant Act (ALTA).

The Department of Mineral Resources oversees and facilitates development of Fiji's mineral, rock and groundwater resources. It undertakes studies in relation to geological hazard assessment, which includes geotechnical issues, and monitors for landslides, earthquakes and tsunamis for public alerts and warnings. The Department also regulates the mining and quarrying sector with a mandate under a multitude of Acts and Decrees, including the Mining, Petroleum (Exploration and Exploitation), Quarries, Explosives, Continental Shelf and International Seabed Mineral Management Acts. It also monitors the sector's impact on Fiji's environment.

The Ministry's Corporate Service Division provides administrative and financial support to all professional and technical divisions, better enabling the entire Ministry to align with Government's goals and obligations.

## MINISTRY OF INDUSTRY, TRADE AND TOURISM

The Ministry of Industry, Trade and Tourism promotes Fiji to the world as an attractive destination for business and leisure alike. The Ministry actively works to solidify and strengthen Fiji's position as the economic hub of the Pacific, and to develop and diversify the Fijian economy to be more vibrant, dynamic, and export-led.

Across all industries, the Ministry strives to adapt and innovate the nation's growing economy to ensure that Fijian businesses can aggressively compete in the international stage. Having already achieved record-setting economic growth, Fiji's economy is well-positioned to assume a larger role in the global marketplace; as such, the Ministry is working to broaden the base of export markets for Fijian-Made products and services.

The Ministry has published the Investment Policy Statement and is working towards a comprehensive Investment Policy Framework and law to better align with the Fijian Government's overall vision for continued prosperity. In addition, the Ministry is developing a National Competition and Consumer Protection Policy and reviewing the legal framework to reflect the needs of our modern markets. The redesigning and streamlining of business approval processes are also spearheaded by the Ministry, the online information portal, "bizFiji". These introspective approaches aim to ensure that the Fijian economy remains as competitive and business-friendly as possible, attracting new businesses and markets, maximising investor confidence, and allowing Fiji's existing businesses to flourish.

To ignite grassroots entrepreneurship, the Ministry's programmes and initiatives heavily focus on the support and development of Fiji's micro, small and medium enterprises (MSME) and co-operatives, the backbone of the Fijian society. Through various MSME assistance programmes and by creating a climate where bright business ideas can easily become reality, the Ministry is empowering ordinary Fijians' ability to tap into their economic potential, all while growing the economy as a whole. The Ministry incentivises young Fijians who have innovative business ideas through the Young Entrepreneurship Scheme by providing skills training and economic guidance, arming them with the necessary knowledge to succeed in their business. Through the Research and Innovation Scheme for Enterprises, grants are provided to encourage research and development, with projects focused on sustainability being especially encouraged.

The Ministry will continue to add fuel to the Fijian tourism industry, ensuring that tourism numbers - from visitors to dollars spent - continue their upward trajectory. To foster the sustainable development of this economically-vital industry, the Ministry is constantly engaging with industry stakeholders, including Fiji Airways, to expand source markets and grow tourism arrivals.

This Ministry has received additional funding through the COVID-19 Response Budget to support Fiji's nationwide response to the global pandemic. Allocations assigned under the COVID-19 Response Budget are targeted at Fiji's public health response as well as efforts to mitigate the economic impact of the global COVID-19 recession.

## MINISTRY OF SUGAR INDUSTRY

More than 200,000 Fijians directly or indirectly rely on the health of the country's sugar industry. To support these Fijians - and the Fijian economy as a whole - the Ministry of Sugar Industry is responsible for laying down a solid foundation for a vibrant and sustainable sugar industry that remains prosperous in the face of modern challenges.

The Ministry will be soon finalising its first-ever Sugar Industry Policy, which will become the guiding document that drives the industry toward its goal of achieving more than 3.0 million of tonnes of cane in next five years. The policy will address ongoing and emerging issues affecting the growth of the industry, including changing weather patterns, depleted soil health, declining youth participation, mill inefficiency, insufficient farm mechanisation and modern technology and lack of close collaboration and partnership between industry stakeholders.

Despite these many challenges, the sugar industry has demonstrated significant progress since the devastation caused by the cyclone Winston in 2016. Increased capital injection has shown positive turnover of the sugar industry, with sugarcane production increasing from 1.38 million tonnes of cane in 2016 to 1.81 million tonnes in 2019. Production is anticipated to further increase to 2.0 million tonnes in 2020 cane harvesting season.

To further support Fijian cane farmers in light of this downward trend, Government will provide a guaranteed price of \$85 per tonne for the next two years, ensuring continued confidence and peace of mind in the industry.

Government is injecting \$50.0 million to support FSC including cane delivery payments. As part of the overall restructure of FSC, Government is also converting its \$173.1 million loan into equity.

## MINISTRY OF LOCAL GOVERNMENT

The Ministry of Local Government is guided by the overarching vision that good governance at all levels of society is critical to both Fiji's economic development and to the realisation of every Fijian's constitutional rights.

Recognising that the duties of productive local governance often fall outside the strictly-drawn boundaries of a municipality, Government is taking strides to give the Ministry the tools it requires to implement effective change not only locally, but regionally. A recent amalgamation of duties of rural local authorities with municipal councils has seen an increase in Ministry activities, including solid waste collection and building permit management.

The Ministry oversees two key Departments: Local Government & Town and Country Planning.

Through the Department of Local Government, the Ministry supports and monitors Fiji's many municipalities. The Department is responsible for the overall administration and regulation of Municipal Councils and the oversight of National Fire Authority through the Local Government Act 1972, Business Licensing Act 1976 and the National Fire Services Act 1994. Department activities include monitoring municipal councils in line with the Local Government Act.

Government has set aside funds for the membership payment to Commonwealth Local Government Forum with an aim to see that the partnership promotes strengthening good governance practices within Fiji's municipal councils - oversight that will prove vital to up-keeping Government's continuous investment in upgrading and replacing aging public assets. The Department's development programmes and projects are funded directly by Government grants, and are required to ensure services are provided equally to all Fijians within and outside of city and town boundaries. To maintain public safety, the Department also works closely with the National Fire Authority, issuing operational grants, funding fire station upgrades and subsidising the purchase of emergency vehicles and life-saving equipment.

Through the Department of Town and Country Planning (DTCP), the Ministry formulates urban and rural planning policies that are environmentally compliant and that accommodate Fiji's economic and demographic growth objectives. The DTCP is responsible for the overall administration, planning and regulation of land use in Fiji through the Town Planning Act 1946 and Subdivision of Land Act 1937.

The Department will work with the Singapore Cooperation Enterprise to develop a master Land Use Plan for the Greater Suva Area, Lautoka City and Nadi Town. The master planning exercise will include an urban land use statement - commonly known as the Town Scheme Statement - establishing standards on street furniture placement, outdoor advertisements, shop frontage and outdoor lights and landscaping. Municipalities' growth potential will also be analysed during this comprehensive study, and recommendations will be made to uplift the quality of life in municipalities and the surrounding areas with assets such as markets, satellite markets and bus stands.

In addition, the Ministry is overseeing the planning and development of growth centres into new towns namely Nabouwalu, Korovou, Keiyasi and Seaqaqa.

**MINISTRY OF INFRASTRUCTURE AND TRANSPORT**

The Ministry of Infrastructure and Transport consists of the Department of Transport, Government Shipping Services, Department of Water and Sewerage, Department of Works and the Department of Energy. The Ministry also administers the grant funds allocated to statutory bodies, the Land Transport Authority and the Maritime Safety Authority of Fiji.

Together, these departments and statutory authorities work to efficiently manage Fiji's infrastructure network, which has vastly expanded over the past decade. This network of roads, bridges, ports, jetties and services infrastructure is critical to both the well-being of the Fijian people and the nation's economic development. As such, Government is committed to ensuring reasonable access to reliable infrastructure and essential services for every Fijian citizen.

In this financial year, the Ministry is undergoing a workforce restructure, allowing it to better align with Government's vision of a streamlined and modern economy across all sectors.

## WATER AUTHORITY OF FIJI

Access to clean water is both a fundamental right of every Fijian, as enshrined in the Fijian Constitution, and an essential component of sustainable development. The Water Authority of Fiji (WAF) is responsible for helping achieve Government's vision to give every Fijian household access to clean water and efficient and effective wastewater services. WAF currently provides these services to over 150,112 residential and non-residential metered customers, reaching over 750,560 Fijians nationwide.

WAF has made serious progress in becoming a fully-modernised utility provider due to its continuing investment in human capital, adoption of international best practises across its services, procurement of new equipment and efforts to raise public awareness on water conservation. Over the next three to five years, WAF will focus on building an organisational culture capable of delivering to all Fijians sustainable water and wastewater services through innovation, communication and education with our stakeholders.

Government is providing an operating grant of **\$82.5 million** to the Authority. To date, 27,113 households have benefited from Government's free water initiative, which will continue to expand in the remaining financial year.

Government is providing a capital investment of **\$100.5 million** to achieve 24/7 delivery of water to all Fijians and expand Fiji's sewerage network. As articulated in the 5-Year and 20-Year National Development Plan, Government will undertake major investments to cater for the country's long-term water supply needs; this includes an investment of **\$9.0 million** to improve water distribution systems. Government is providing **\$14.4 million** to further improve water treatment quality; **\$2.0 million** for the replacement of water meters; **\$4.2 million** for non-revenue water; **\$7.0 million** for the upgrade of wastewater treatment plants; and **\$6.6 million** to upgrade the wastewater distribution system to ensure that Fijians within urban centres are connected to the wastewater reticulation system.

Government will provide an allocation of **\$6.3 million** to the Rural Water Supply Programme in order to provide access to clean water in rural communities, with a target of 85% access by 2021. **\$3.7 million** is for electrical works at WAF's water pump and wastewater stations, and **\$0.9 million** will be utilised to continue improvement of catchment and water source areas.

An allocation of **\$3.5 million** is provided for rural water carting to communities in non-metered areas during periods of drought and water disruption.

An Urban Water Supply and Wastewater Management Project is designed to augment vital urban infrastructure and services, supporting sustainable growth and development in the Greater Suva Area by increasing water-supply capacity by 26% and wastewater-treatment capacity by 164%. As part of the project, a new 40 mega litre treatment plant is constructed in Viria, Rewa. Blended funding provided by the Asian Development Bank (**\$10.5 million**), European Investment Bank (**\$5.5 million**), the Green Climate Fund (**\$6.6 million**), and local sources (**\$15.7 million**) has made this immense project possible.

## MINISTRY OF WATERWAYS AND ENVIRONMENT

The Ministry of Waterways and Environment recognises that waterways management and the preservation of Fiji's natural environment share many inherent linkages, with the country's waterways and the natural environment are subject to vulnerability due to the worsening impacts of climate change.

The Ministry will maintain drainage systems and manage Fiji's creeks, tributaries and rivers. It sets out the direction for the waterways sector to achieve sustainable development, effectively manage the nation's water resources for economy-wide benefits, and implement activities and policies to mitigate economic loss caused by floods.

The Ministry will also continue to ensure that Fiji's national development does not come at the cost of our natural environment (which includes land, water/sea and air) and human health. Through the implementation of coordinated environmental legislations, policies and programs, it works to expand public awareness and enforce strict adherence to the laws that protect and conserve Fiji's ecosystems and unique biodiversity for future generations.

In its work to improve stormwater management, mitigate flooding and improve irrigation, the Ministry incorporates aspects of hydrological analysis and studies, drainage surveillance and realignment, waterway dredging and river-embankment management and coastal protection activities. To improve drainage systems within towns and cities, **\$2.3 million** is being provided for the maintenance of municipal council drainage systems. An allocation of **\$1.2 million** is provided through the Drainage & Flood Protection Programme, to help alleviate flooding issues. A provision of **\$2.2 million** is made for the construction of seawalls, groyne and wave breaks for villages and communities faced with the threat of coastal inundation and erosion.

The Ministry will provide irrigation support for farm development through a funding provision of **\$0.2 million**. The Drainage for Rural Residential Areas Programme is provided **\$0.8 million** for improvement of drainage in waterlogged areas, uplifting lives of rural Fijians. **\$0.8 million** is also provided for improvement of farmland drainage.

The Department of Environment will work to protect Fiji's natural environment, driven by the vast importance that flora and fauna have for national development and the cultural significance they bear for the Fijian people. To curb pollution and conserve Fiji's natural resources, including lakes and rivers, our biodiversity, forests and wildlife, **\$4.0 million** is allocated for the construction of Naboro Landfill - Stage 2 (Cell 3) and **\$35,000** is allocated for the litter awareness programme. **\$11,000** is allocated for the 3R Awareness Programme.

## FIJI ROADS AUTHORITY

The Fiji Roads Authority (FRA) is responsible for the country's entire surface-transportation network which, due to unprecedented funding allocations in recent years, has been massively expanded and upgraded to provide new levels of access and far greater mobility to the Fijian people. As the network that connects our towns, cities, domestic and international ports and rural and maritime communities, FRA's assets facilitate increased flows of goods and services throughout our country.

FRA is provided **\$276.5 million** of which **\$16.5 million** is for operating expenditure and **\$260.0 million** for capital expenditure.

**\$30.2 million** is allocated for an ongoing maintenance programme which will enable FRA to continue to proactively preserving our road assets. A sum of **\$33.2 million** is provided for renewals and replacement of roads, while **\$49.1 million** is allocated for the upgrade and replacement of bridges and crossings.

**\$24.8 million** is provided to relieve congestion and improve road capacity projects. **\$24.5 million** has been allocated for a community programme to improve the quality of roads and enhance pedestrian safety through the construction of footpaths and bus shelters, a key part of Government's efforts to improve quality of life for people living in peri-urban and urban areas. **\$8.7 million** is allocated to Streetlight and Traffic Signals Improvement Programme, aimed at enhancing the safety of road users by providing well-lit roads, including street lighting in rural and peri-urban areas and signalised intersections to provide controlled vehicular and pedestrian movement.

To improve accessibility to remote communities and provide rural communities with ease of access to markets, education, health and other services, the rural roads programme is provided with **\$33.9 million**.

The Transport Infrastructure Investment Sector Project aims to rehabilitate roads, bridges and rural jetties to achieve climate-resilient transport infrastructure, more efficient project management support and effective institutional management. The project is financed through Asian Development Bank and World Bank loans of US\$100 million and US\$50 million respectively, supplementing already-robust Government investment. The breakdown of **\$54.0 million** is as follows: Government of Fiji - \$14.0 million; Asian Development Bank - \$30.0 million; and World Bank - \$10.0 million.

**\$1.0 million** is allocated for the design and construction of a four lane road from Nasoso Junction to Lautoka. In this financial year, design will continue, with construction to start soon after the completion of these preparatory works. The project is expected to be climate-resilient, and where possible, electricity cables will be put underground.

<b>Programme 1: Roads, Bridges and Jetties</b>

## **PEACEKEEPING MISSIONS**

For more than 40 years, Fiji has responded to the call of the United Nations (UN) to serve in some of the most difficult circumstances around the world. Fiji has proudly contributed troops to successive peacekeeping operations in Lebanon, Sinai, Iraq, Syria, Timor-Leste, South Sudan, Darfur, Liberia, Bosnia, Kosovo, Kuwait, Namibia, Cambodia and the Solomon Islands.

It is a source of great pride that a nation of Fiji's size is able to make such a meaningful and significant contribution to securing peace in some of the world's most troubled regions.

The Republic of Fiji Military Forces and the Fiji Police Force currently serve in five out of the 14 UN peacekeeping missions around the world, and also serve in the non-UN mission in Sinai.

The UN Security Council mandate for peacekeeping operations calls for security personnel deployed to conflict zones under UN authority to: maintain or restore international peace and security, exclusively in the common interest of the international community; disengage the conflict parties; create conditions for peaceful settlement of a conflict; monitor ceasefire peace agreements; and render humanitarian assistance to civilian populations in the area of deployment.

## MISCELLANEOUS SERVICES

Funding allocations under Miscellaneous Services are administered by the Ministry of Economy. This Head includes allocations that require additional scrutiny for disbursement and stringent monitoring procedures to ensure that funds are utilised properly. This also provides a control mechanism for new programmes and special payments. Funding for contingency purposes like natural disasters are also allocated under this Head.

As a Revised Budget, all expenditures directed to Fiji's COVID-19 response fall under Head 50.

In the wake of this global crisis, the preservation of Fijians' health and the resilience of our economy will require a coordinated, whole-of-government approach.

Spending allocations for Head 50 fund vital projects, aggressive containment efforts, and life-saving equipment within the Ministry of Health (\$40.0 million); Fiji Police Force (\$700,000); Republic of Fiji Military Forces (\$150,000); Ministry of Agriculture (\$1.0 million); and the Fiji Competition and Consumer Commission (\$100,000).

Costs include life-saving measures, such as the purchase of additional ventilators and hospital beds and the carting of produce to the borders of containment areas. In addition, Head 50 provides funding those discipline forces, essential healthcare workers, and price regulators on the front lines of Fiji's COVID-19 response.

To soften the economic blow felt by Fijian workers and their families, \$5.6 million is allocated to unemployment benefits for the tourism sector. \$7.0 million is allocated to unemployment benefits of locked down areas in the formal sector, with an additional \$3.0 million dedicated to the informal sector. Another \$5.0 million is set aside for general unemployment benefits, and \$5.0 million for affected small and medium-sized enterprises.

Recognising the unpredictable and fast-moving nature of COVID-19, an additional \$5.0 million is reserved for unemployment contingency funds, and additional general contingency funds amount to \$27.45 million.

Other non-COVID-19 related miscellaneous expenditures under Head 50 - including funding for the Tertiary Education Loan Scheme (TELS) and National Toppers Scheme (NTS), rehabilitation and construction of schools and public buildings, ongoing contingency funds for disaster risk, vehicle purchasing and leasing and other capital grants and transfers will continue.

## **PENSIONS, GRATUITIES AND COMPASSIONATE ALLOWANCES**

The Pensions Section manages the computation and payment of various pensions in accordance with existing pension legislation. The Section also processes re-engagement benefits for corrections officers, military officers and forest guards.

The section oversees the payment of pensions to government pensioners, ex-parliamentarians, ex-prime ministers and presidents, ex-chief justices and retired judges, service pensioners and the widows and orphans of deceased public officers.

### *Details of Expenditure:*

- 1) Provision for payment of civil pensions under the Pensions Act 1983.
- 2) Provision of 60% to civil pensioners' widow or widower under Section 16 of the Pensions Act 1983.
- 3) Provision for widows and orphans entitled to pensions. Payment is only provided for those widows and orphans whose deceased husbands (Public Officers) contributed to this scheme. (Widows and Orphans Pension Act 1914)
- 4) Item not repeated in Revised 2019-2020.
- 5) Provision for lump sum payment for prison officers gratuity and re-engagement benefits - Pensions Act 1983.
- 6) Gratuities to Contract Officers.
- 7) Item not repeated in Revised 2019-2020.
- 8) Includes provision for Lebanon and Sinai Pensions and re-engagement benefits of RFMF officers under Section 7 of the Pensions Act 1983.
- 9) Pension to former Presidents' and Prime Ministers'.
- 10) Pension to members and to widows/widowers of former Members of Parliament in accordance with the Parliamentary Retirement Allowances Act, 1989.
- 11) Pensions to former Chief Justices and Retired Judges.

**Notes:**

- (1) The Lending Fund Account has been revised to record the value of loans that the Government has budgeted for State Owned Enterprises and Tertiary Students in FY2019-2020, and the loan proceeds which are anticipated to be realised over the same period. It shows the anticipated outstanding lending fund balances at the end of the respective financial year.
- (2) Government is the principal borrower of the Housing Authority and the Public Rental Board loans (amounting to FJD 43.7m (CNY138,560,329) and FJD 11.34m (CNY36,000,000 ) respectively), from the EXIM Bank of China, which is On-Lent to these two entities. The principal loan repayment commenced in March 2016.
- (3) A sum of \$5.0m has been repaid by Fiji Pine Ltd during the FY 2018-2019. It is anticipated that no repayments will be made during FY2019-2020.
- (4) A sum of \$138.0m has been budgeted to fund the Tertiary Education Loan Scheme in FY2019-2020. On the same note, a sum of \$5.02m is anticipated to be received in form of repayment of the loans given in previous periods, mainly from students who have completed their studies.

**APPENDIX 1****STANDARD EXPENDITURE GROUPS AND ASSOCIATED ITEMS****1. Established Staff**

1. Personal Emoluments.
2. Fiji National Provident Fund.
3. Allowance.
4. Overtime.
5. Recruitment and Gratuities to Expatriate Officers.
6. Relieving Staff.
7. Fringe Benefit Tax
8. Other

**2. Government Wage Earners**

1. Wages.
2. Fiji National Provident Fund.
4. Overtime.
5. Relieving Staff.
6. Other.

**3. Travel and Communications**

1. Travel and Subsistence.
2. Telecommunications (includes charges related to telephone, telex, and other communication services but excludes purchase of equipment).

**4. Maintenance and Operations**

For vehicles, vessels, buildings and equipment:

1. Fuel and Oil
2. Spare Parts and Maintenance.
3. Other (includes rations, operating supplies, postage etc).
4. Water, Sewerage and Fire expenses.
5. Power Supplies.
6. Rental Payment.

**5. Purchase of Goods and Services**

1. Books, Periodicals and Publications.
2. Consultants and Experts Fees.
3. Volunteer Expenses.
4. Other (may include food, uniforms, fertilizer, rates, legal expenses, etc).

**6. Operating Grants and Transfers**

1. Grants and Subsidies.
2. Transfers to Individuals.
3. Transfers to Organisation (includes contributions, memberships and association fees).

**7. Special Expenditures**

1. Expenditures unique to a programme or activity, e.g. Conference expenses, Compensation, etc.
2. Also includes Cash Grants by respective Donors.

**8. Capital Construction**

Sub items costed on a project basis for:
